

Declaration of Intent to Complete

For students applying for an internship that has an application deadline *prior* to completion of all didactic work, it will be required that the didactic program director submit a 'Declaration of Intent to Complete' form on your behalf to DICAS prior to the application deadline date.

In order for the didactic program director to complete this form, the student must provide the following information to the director.

- Full Name
- Degree to be granted
 - Verification Statement Only
 - Verification Statement plus a Bachelor's Degree from UNC
- Month/Year Degree to be completed
- College or University conferring degree, if different from above
 - If you already have a Bachelor's Degree from another Institution list it here
 - Degree awarded and date (month and year)

List Course(s) and Dates(s) of projected completion (coursework you are *currently* taking and will *need* to take prior to obtaining a degree and/or verification statement).
