

Mathematics Teacher Education Program

October 2021

Program Information:

In preparation for registration (November 2021), we are holding **mandatory** group advising for **ALL** middle school and secondary emphasis math education students. You must **attend one of the group advising meetings** listed below. In this meeting, we will discuss recommended math and education courses to take related to completing your middle school or secondary degree plan. There will be time for you to ask questions and receive information about any program updates.

Please note that you will need to meet with your advisor to receive your PIN before registering for classes.

**** Mandatory Group Advising Meetings ****

Tuesday, 19 October 1:30-2:15 Room 0275

Wednesday, 20 October 4:30-5:15 (click [here](#) for Zoom link)

Your Peer Mentors:

Charlie Heidemann (they/them)

charlie.heidemann@unco.edu

email for zoom link.

Andrea Rodriguez (she/hers)

andrea.rodriguez@unco.edu

Andrea's PRAXIS and Mentoring Hours:
Wed 3-5pm

Victoria Saenz (she/hers)

victoria.saenz@unco.edu

Peer Mentoring Hours: Tuesday 4-5pm
Dr. Reiten can be contacted for additional support at lindsay.reiten@unco.edu

Your peer mentors:

Charlie: In their victory lap studying Mathematics with an emphasis in Secondary Education. Planning to student teach in the Spring of 2021

Andrea: Is currently in STEP 363 and planning to student teach in the Fall of 2022.

Victoria: Is currently in her third year of the Math Education program with an emphasis in Middle School Education and will be starting STEP 363 Spring of 2022.

About Peer Mentoring:

Our goal, as peer mentors, is to support students through their journey in the Mathematics Education Programs. We do this by holding mentoring hours where students are able to ask questions pertaining to the program or receive support in studying for the Praxis (we have study material available to support students).
