

Rotation of classes in the School of Mathematical Sciences

PLEASE NOTE: Classes not listed but required for any of our emphases will run every semester.

MATH

185	every fall
186	every spring
286	every fall
317	every fall
321	every fall
322	every spring
335	every fall
336	every even-numbered spring
342	every odd-numbered fall
350	every semester currently - will be fall only starting Fall 2022
351	every spring
375	every odd-numbered spring
386	every fall
391	every spring
431/531	every even numbered fall
432/532	every odd numbered spring
437	every fall
460/560	every even numbered spring
464	every spring
495	every odd numbered fall

CS	200	every fall
CS	301	every spring
CS	350	every fall
CS	300/400-level	every spring (upper level such as CS 440 or CS 442)

MED	341	every spring
	385	every fall
	441	every fall
	449	every fall (beginning fall 2022)

STAT	111	every even numbered fall
	355	every spring
	406	every even numbered fall
	411	every odd numbered fall

STEP	161	every fall
STEP	262	every spring
STEP	363	every fall

See the reverse side for this information in chart form.

This Chart shows the semesters these classes are offered

Revised 4/20

Note: Math and MED classes not listed but required for any one of our emphasis areas will be offered every semester. Examples: MATH 228, MATH 221, MATH 341, CS 120 (formerly CG 120) and CS 160 (formerly CS 102).

MATH 350 will move to fall only starting in Fall of 2021.

*CS upper level classes such as CS 440 or CS 442.
