School of Nursing

SON Mission

The Mission of the University of Northern Colorado School of Nursing, congruent with the University mission, is to improve the health of society by preparing compassionate, courageous, and competent nurses who advance nursing through leadership, scholarship and practice. Faculty, staff, and students create an environment supportive of diverse teaching and learning strategies with the aims of:

1. Preparing individuals at the baccalaureate level to assume roles in professional nursing practice
2. Preparing individuals at the graduate level to assume leadership roles in practice, education and research
3. Promoting quality and excellence in nursing scholarship and education
4. Advancing the health of the public through scholarly inquiry and the development and dissemination of new knowledge.

4/2019 revision adopted by NFSO; Updated November 2021 SLT

SON Vision

The University of Northern Colorado School of Nursing will be recognized for excellence in the preparation of exceptional practitioners and nurse educators. Through leadership in practice and education our faculty and students will transform the healthcare landscape to meet the needs of society and advance our discipline.

- Health care practice, lifelong education, and service form the foundation for professional nursing. Professional nursing practice is operationalized using critical thinking, evidence-based practice, research, the nursing process, and the establishment of collaborative interdisciplinary relationships with the goal of promoting the health of individuals, families, groups, communities, and populations, with attention to diverse and vulnerable populations.
- Everyone is a holistic, bio-psycho-social and spiritual being evolving and developing over the lifespan within a dynamic environment. The individual interacts and develops relationships as a member of a family and culture within a larger diverse community and global society. Respected as unique beings, all individuals have a right to health.
- Health is a dynamic state that is individually and collectively defined. Health integrates the physical, psycho-social, spiritual, and emotional states of well-being.
- Health care is in a constant state of change. Numerous societal demands require creative interventions, alternative settings, collaborative partnerships, and coalitions to maximize health care delivery. The delivery of modern health care depends on an expanding group of educated professionals coming together as an interdisciplinary team.
- Nursing, as a caring profession, is both an art and a science that promotes, supports, and restores optimal health and enhances quality of life in individuals, families, groups, communities, and populations. It is a professional discipline that is an integral component of health care delivery systems. The professional nurse is a designer, manager, coordinator, and provider of safe, quality care based on current evidence from nursing science and other related disciplines. Additional professional roles include the nurse as educator, leader, health systems manager, researcher, and advocate for social justice through health care

policy. Professional standards of moral, ethical, and legal conduct are integral to professional nursing practice. Professionalism involves an awareness of personal beliefs, biases, health, and their impact on choices and behaviors. The nurse is responsible and accountable for advancing the profession of nursing and for continued professional growth.

- The nursing faculty is a community of nurse scholars committed to creating an environment that promotes intellectual inquiry and sensitivity to diversity of ideas.
- The nursing faculty believes that the entry level preparation for professional practice is the baccalaureate degree. Graduate education at the master's level prepares students for practice, leadership, research and educational roles.

SON Values

The School of Nursing shares the values of the University of Northern Colorado, the American Nurses Association, the National League for Nursing, and the American Association of the Colleges of Nursing. The School of Nursing prepares global citizens leading inter-professional collaborations and also fosters the following values:

- **Professionalism** is the consistent demonstration of and strict adherence to accountability, competence, responsibility, dependability, and commitment.
- **Caring** is an integral part of nursing practice requiring the ongoing development of multiple components. These components include empathy, conscience, compassion, resilience, and confidence in all interactions with patients, families, other healthcare professionals, and ourselves.
- **Diversity and Inclusion:** Diversity inherently exists among humans. We value inclusivity of diverse human identities and expressions in nursing education and nursing practice.
- **Innovation in Teaching and Learning:** Research-based innovation in teaching and learning is critical to meeting the changing demands in healthcare, nursing practice, and nursing education. We value active learner involvement, and the preparation of competent practitioners, leaders, and nurse educators for the future.

SON Anti-Racism Statement

The School of Nursing shares the values of the University of Northern Colorado, the American The UNC School of Nursing has a strong history of educating nurses to provide compassionate care to others. “We acknowledge that institutional racism exists in American society, of which the SON is a part. We oppose racism and strive to promote an inclusive and equitable environment. We are committed to increased awareness and continued efforts to prevent racist acts.” Our overall mission is to improve the health of our society; including ALL members of our community. We value Inclusivity of diverse human identities and expressions in nursing education and nursing practice. We can achieve a just and equitable health care system for all by recognizing and combating racism in healthcare, becoming aware of implicit bias and its effects, and working to achieve greater diversity in nursing education and the nursing workforce.

We strive to take action in both professional and personal ways to eliminate systematic racism, promote diversity and reduce bias. We will:

- Examine our curriculum to eliminate racist assumptions or content and increase student dialogue and awareness of racism and bias affecting nursing care.

- Engage in approaches to removing racism or bias from admission, progression and retention for diverse students including students of color.
- Actively seek ways to increase the diversity of faculty and staff by examining application, hiring, promotion, tenure and support practices.
- Plan for anti-racism education and skills building for faculty, staff and students.
- Commit to working together in this common effort.

We are steadfast in our belief that every individual should work and learn in an environment that embraces diversity and Inclusivity. **There is no tolerance for racism within our school.**

SON Purpose and Goals for Graduate Programs

To prepare well-educated baccalaureate and graduate prepared nurses who understand the impact of professional nursing on a dynamic, diverse, and technologically advancing health care system.

Goals - Graduate Programs:

- Students will engage in scholarly activity, research and creative projects conducive to advanced professional nursing roles and advanced nursing practice.
- Students are prepared for advanced professional nursing roles through a solid foundation of theory, research and advanced practice standards as well as specialty nursing coursework.
- Students develop professional values fostering the commitment to life-long learning, scholarship and service.
- Students will develop competencies essential to assume leadership positions in nursing education and practice.

SON Governance and Student Organizations

UNIVERSITY OF
NORTHERN COLORADO

School of Nursing

Nursing Faculty Student Organization (NFSO)

The governance structure is guided by the School of Nursing by-laws, adopted by faculty. The by-laws have been revised throughout the years; the last revision was completed in 2021.

This is a committee of all SON faculty plus student representatives from all levels. It meets several times per semester for communication of information and for decision making regarding Nursing program policies. In addition, there are subcommittees which also meet every semester for Graduate Affairs (policies and issues for graduate programs) and Graduate Curriculum (curriculum development, implementation, and evaluation). Student representatives have full voice and vote in all these meetings with the exception of declared executive sessions.

Student representatives receive the meeting agendas and minutes via email. NFSO and subcommittee meetings are open for any interested student to attend. They are often scheduled on Friday mornings or afternoons (check with a faculty member or the office staff for dates).

Graduate nursing students annually select one or more representatives to attend meetings of the NFSO, the Graduate Leadership Team (GLT), and the Graduate Curriculum Committee (GCO). Be sure you know who your representative is. All students are encouraged to contact their representatives in person, in writing, by email or by phone to share questions and feedback about programs and issues.

STUDENT PARTICIPATION IN THE GOVERNANCE OF THE SCHOOL OF NURSING

Students are elected by their peers to represent them at meetings of the Nursing Faculty-Student Organization and its subcommittees. Faculty value student input and hope that students take appropriate advantage of the opportunities to participate.

UNC Graduate Student Association (GSA)

<https://www.unco.edu/graduate-student-association/>

This is a student organization that provides graduate students with information on matters related to graduate students including financial support to attend and/or present at conferences and to support research projects.

Sigma Theta Tau (Zeta Omicron)

<https://www.unco.edu/nhs/nursing/sigma-theta-tau/>

The mission of the Honor Society of Nursing, Sigma Theta Tau International is to support the learning, knowledge, and professional development of nurses committed to making a difference in health worldwide.

MSN-LQS Program Description, Admission, Outcomes, Etc.

UNIVERSITY OF
NORTHERN COLORADO

School of Nursing

Description of the MSN-LQS Program

The Nursing MSN - Leadership, Quality & Safety concentration is delivered fully online to fit the working schedules of post-baccalaureate nursing students. This master's degree prepares you to function as a leader in collaborative, interdisciplinary, evidence-based practice. The focus is on highly reliable systems and methods to deliver high quality, safe nursing care and education. You will learn to guide complex patient care and provide care coordination and education for groups of clients across the life span and the continuum of care.

MSN Admissions Policy

POLICY TITLE:

MS and Post-Masters APRN Admission Requirements

Last Revision/Review Date: 2/3/17 NFSO; Reviewed GLT 4/2022
Previous Review Dates: 11/16/01 DP; 2/2009 GCO; 3/2012 GCO; 4/27/12 NFSO; 1/13/17 KH; 2/3/17 NFSO
Original Policy Date: 5/1/98
Sponsoring Committee(s): Graduate Leadership Team

DESCRIPTION:

In order to provide equitable screening of all Master's in Nursing and Post-Master's APRN program applicants, the below criteria may be utilized to screen program applicants.

PROCEDURE:

1. A bachelor's or master's degree from an accredited institution with a major in nursing.
2. Eligibility for or current Colorado licensure as a registered nurse.
3. Two letters of reference with at least one letter that addresses potential ability to practice as an independent practitioner.
4. A statement of career goals that addresses interest in advanced nursing practice as an APRN.
5. Minimum of one year of relevant clinical nursing experience required prior to entry into the graduate program.
6. Current vita or resume documenting current and past clinical experience.
7. A personal interview may be required.
8. After admission, the student must successfully complete a background check and drug screening prior to enrollment.

MSN-LQS Program Outcomes

1. Acquire, critically analyze and apply advanced knowledge to evidence-based practice in the care of individuals, families and populations.
2. Apply leadership skills in various health care systems for management of and accountability for care delivery and improved outcomes.
3. Participate in intra/interdisciplinary collaboration and advocacy for health care delivery and the development of health care policy.
4. Synthesize knowledge of safety, quality improvement, culture, ethics and healthcare technologies in the design and provision of direct and indirect care.

MSN-LQS Program Essentials

The title for each of the AACN MSN Essentials is listed below with the specific program outcomes listed below each essential. The complete narrative explaining each of the Essentials of Master's Education for Advanced Nursing Practice to include the AACN specific program outcomes can be accessed at: <https://www.aacnnursing.org/portals/42/publications/mastersessentials11.pdf>

Essential I: Background for Practice from Sciences and Humanities

- Recognizes that the master's-prepared nurse integrates scientific findings from nursing, biopsychosocial fields, genetics, public health, quality improvement, and organizational sciences for the continual improvement of nursing care across diverse settings.

Essential II: Organizational and Systems Leadership

- Recognizes that organizational and systems leadership are critical to the promotion of high quality and safe patient care. Leadership skills are needed that emphasize ethical and critical decision making, effective working relationships, and a systems-perspective.

Essential III: Quality Improvement and Safety

- Recognizes that a master's-prepared nurse must be articulate in the methods, tools, performance measures, and standards related to quality, as well as prepared to apply quality principles within an organization

Essential IV: Translating and Integrating Scholarship into Practice

- Recognizes that the master's-prepared nurse applies research outcomes within the practice setting, resolves practice problems, works as a change agent, and disseminates results.

Essential V: Informatics and Healthcare Technologies

- Recognizes that the master's-prepared nurse uses patient-care technologies to deliver and enhance care and uses communication technologies to integrate and coordinate care.

Essential VI: Health Policy and Advocacy

- Recognizes that the master's-prepared nurse is able to intervene at the system level through the policy development process and to employ advocacy strategies to influence health and health care.

Essential VII: Interprofessional Collaboration for Improving Patient and Population Health Outcomes

- Recognizes that the master's-prepared nurse, as a member and leader of interprofessional teams, communicates, collaborates, and consults with other health professionals to manage and coordinate care.

Essential VIII: Clinical Prevention and Population Health for Improving Health

- Recognizes that the master's-prepared nurse applies and integrates broad, organizational, client-centered, and culturally appropriate concepts in the planning, delivery, management, and evaluation of evidence-based clinical prevention and population care and services to individuals, families, and aggregates/identified populations.

Essential IX: Master's-Level Nursing Practice

- Recognizes that nursing practice, at the master's level, is broadly defined as any form of nursing intervention that influences healthcare outcomes for individuals, populations, or systems. Master's-level nursing graduates must have an advanced level of understanding of nursing and relevant sciences as well as the ability to integrate this knowledge into practice. Nursing practice interventions include both direct and indirect care components.

MSN-LQS Program Progression

Students are expected to progress according to the Program of Study provided by their advisor. Any exceptions must be discussed with the advisor and approved by the Assistant Director of Graduate Programs in nursing.

For Master's students, requirements must be successfully completed within five (5) years of first registration following admission to the program. However, if a student has approval to count work taken before first enrollment after admission, the student must complete the degree within five calendar years beginning with the earliest work counted in the program. Please note that program time limits are adjusted to reflect approval of transfer credit or unclassified hours.

All courses must be completed with a minimum grade of "B". See Progression in Graduate Programs Policy in the next section for details.

Please follow the below link for further detailed information.

<http://unco.smartcatalogiq.com/en/current/Graduate-Catalog/General-Information/Policies-and-Procedures/Grading>

Course Syllabi

Each nursing syllabus is the student-teacher contract for that specific course. The course objectives are your guide for achieving the expectations of the course. The faculty will carefully explain the requirements of each course during the first week of the semester. If you have questions or need clarification, please make an appointment with the course faculty member early in the semester.

Evaluation practices (grading) may vary from course to course or semester to semester. Please be sure you understand the evaluation policy.

Standard UNC Syllabus Statements can be found at: https://www.unco.edu/center-enhancement-teaching-learning/teaching-resources/syllabus_statements.aspx

Course and Faculty Evaluations

Near the end of each semester students will receive an email to complete course and faculty evaluations in Canvas. Student' timely completion of the evaluations each semester is an extremely important part of our accreditation process and assists in our program review including faculty and curriculum. This is a great opportunity to share both positive and constructive feedback that can be utilized to shape the nursing student experience for you as well as future cohorts. Students may have multiple faculty assigned to a course, but only an evaluation for an instructor they interacted with is requested. All evaluations are anonymous and confidential.

Tuition Rates

Tuition rates are subject to approval by the UNC Board of Trustees each summer and are subject to change. They are posted by Extended Campus on each program's page and Extended Campus' general cost page. Tuition rates are effective during the subsequent Fall, Spring, and Summer semesters. Additional fees may apply to specific courses.

Clinical/Practicum Experiences, Compliance, and Related Policies

UNIVERSITY OF
NORTHERN COLORADO

School of Nursing

MSN-LQS Practicum Rotation Requirements

There are 135 practicum hours total in the program that are spread across 3 courses (45 hrs per course). These are project-based learning (non-direct patient care) hours the students will do in their current clinical practice setting. If you are not currently practicing, we place you with an organization and mentor.

The following courses require a total minimum of 135 practicum hours:

- NURS 631 Teaching Strategies for Practice and Academic Settings - 45 hours
- NURS 621 Management of Clinical Outcomes - 45 hours
- NURS 626 Management of Care Environment - 45 hours

Graduate Nursing Program Clearance Requirements

Your cooperation in meeting the *Practicum Nursing Program Clearance Requirements* will enable you to have access to the clinical sites that will prepare you for the practice of professional nursing.

In addition, clinical agencies are required by their accrediting and regulatory bodies to guarantee that staff, students, faculty, and visitors meet health and safety standards. There are periodic audits by agency representatives to verify that the School of Nursing (SON) students and faculty are compliant.

The SON utilizes Complio for verifying program requirements. Complio is American DataBank's online, comprehensive tool for student screening, immunization tracking, and compliance. Information to set up your student account will be given to you following admission to the program and prior to the start of your first semester.

Clinical/Practicum Clearance Requirements include (but not limited to): Immunizations/Vaccinations (TB, MMR, Hep B, Varicella, Tdap, Influenza), CPR Certification, OSHA/ HIPAA, and malpractice insurance (*insurance due prior to your first clinical/practicum rotation*).

It is ALWAYS the responsibility of the student to keep track of expiration dates and to submit renewals into Complio on time.

Students are expected to have all clearances up to date. Renewals are due the 1st of the month in which it expires. For example, if your BLS certification expires July 31st, the renewal will be due July 1st.

IMPORTANT: If required documentation is not submitted by the deadline, student will be considered out of compliance with the policy and **not eligible to attend Practicum and proceed in the nursing program.**

Please contact **Mellany Archer** at mellany.archer@unco.edu or 970-351-2234 with any questions or concerns.

Tracking Clinical/Practicum Hours

The School of Nursing uses the Typhon Group platform for student portfolio development and for student clinical/practicum activity tracking. Access to this system is required for all students and is paid for by the School of Nursing. Basic introduction and login information to TYPHON is provided. The on-line professional portfolio, and the documentation of all students clinical/practicum activities are required for certification, credentialing, and for successful post-graduate employment.

Assumption of Risk Statement

Last Revision/Review Date: 4/29/22 NFSO
Previous Review Dates: 7/81 RP, 6/88 JF, 10/93 VK; 4/98 LC, 11/27/01 DP; 5/08 DWL 10/18/19 ULT/NFSO
Original Policy Date: 12/2/77
Sponsoring Committee(s): School Leadership Team

DESCRIPTION:

Due to the nature of nursing education and required clinical agency teaching-learning environments, nursing students may be exposed to situations or communicable diseases that may put a student at risk of illness or injury.

It is recommended that students notify their program coordinator, clinical faculty, and preceptors if they are pregnant, have compromised immunity, or any other situation that may place the student at increased risk. This information will be confidential.

PROCEDURE:

1. The attached 'Assumption of Risk during Clinical Experiences' document will be included in the student handbook for all clinical programs, and will be reviewed with the incoming students at admission or orientation (depending on the timing of program start).
2. The students will have the opportunity to ask questions and receive any needed clarifications before the beginning of their program of study.
3. Students will be asked to sign the assumption of risk document and will be kept in their student record.

POLICY TITLE:

Background Check

Last Revision/Review Date: 12/3/21 NFSO
Previous Review Dates: 11/07 DWL; 8/2008 ULT/GLT
Original Policy Date: 11/2/2007
Sponsoring Committee(s): School Leadership Team

DESCRIPTION:

All students who are accepted to the University of Northern Colorado School of Nursing (SON) clinical programs are required to submit a background investigation. The clinical agencies used in the nursing programs require background checks of all potential clinical students. The purpose is to maintain a safe and productive educational and clinical environment.

PROCEDURE:

1. Students shall be informed upon admission to the School of Nursing of the requirement to have a fingerprint background investigation. The requirement and disqualifying offenses will also be published on the UNC SON website and in the program handbooks.
2. Information about the process for obtaining the background investigation will be given to each student on admission.
3. The background investigation will be paid for by the student.
4. The background check will include (at minimum) the following: Social Security Number Trace, Residential History Search, Nationwide Sex Offender Registry, Federal Criminal History Record Searches, Motor Vehicle Record Search, Employment Verification, Education Verification, Office of the Inspector General (OIG) Sanction Report, General Services Administration (GSA) Excluded Parties List, Office of Foreign Asset Control (OFAC) Terrorist List, Name of State Statewide Criminal History Record Search, FBI Fingerprint National Crime Information Center (NCIC) files, and Central Registry for Child Protection (CBI).
5. Any student who fails to submit the results of the background investigation by the required date will not be allowed to enter the program.
6. Any student who has one of the following positive (convicted) background investigations will not be allowed to enter the program:
 - Any violent felony convictions of homicide. (No time limit)
 - Crimes of violence (assault, sexual offenses, arson, kidnapping, any crime against an at-risk adult or juvenile, etc.) as defined in section 18-1.3-406 C.R.S. in the 10 years immediately preceding the submittal of application.
 - Any offense involving unlawful sexual behavior in the 10 years immediately preceding the submittal of application.
 - Any crime, the underlying basis of which has been found by the court on the record to include an act of domestic violence, as defined in section 18-6-800.3 C.R.S. in the 7 years immediately preceding the submittal of application.
 - Any crime of child abuse, as defined in section 18-6-401 C.R.S. in the 7 years immediately preceding the submittal of application.
 - Any crime related to the sale, possession, distribution or transfer of narcotics or controlled substances in the 7 years immediately preceding the submittal of application. (Paraphernalia possession is not considered a disqualifying event).
 - Any felony theft crimes in the 7 years immediately preceding the submittal of application.
 - Any misdemeanor theft crimes in the 5 years immediately preceding the submittal of application.

- Any offense of sexual assault on a client by a psychotherapist, as defined in section 18-3-405.5 C.R.S. in the 7 years immediately preceding the submittal of application.
 - Misdemeanor or felony crimes of moral turpitude (prostitution, public lewdness/exposure, etc.) in the 7 years immediately preceding the submittal of application.
 - Registered Sex Offenders. (No time limit)
 - Any offense in another state, the elements of which are substantially similar to the elements of any of the above offenses.
 - More than one (1) D.U.I. in the 7 years immediately preceding the submittal of application.
 - Any offense, regardless of type, which is still pending in the courts (without legal disposition at the time of program application and/or program start.
7. If the background investigation reveals information that could be relevant to the application, the Assistant Director of the relevant program in the SON at the University of Northern Colorado, may request additional information from the applicant.
 8. The potential disqualifying offense(s) shall be reviewed on a case-by-case basis by the respective Assistant Director, who may confer with ULT/GLT depending on the situation.
 9. Applicants and students will also be informed that clinical facilities may also choose to require additional background checks, drug screening, and/or fingerprinting, and may disqualify students from participating in a clinical rotation based on individual facility policies, independent of any action at UNC. A disqualifying background check at a clinical agency may make the student ineligible to continue in their program. The cost for any additional background check or drug screen shall be paid by the student.
 10. If an applicant feels the criminal background investigation is inaccurate, the student may appeal, in writing, to the Assistant Director of the School of Nursing of their respective program. The ULT/GLT will review the appeal and make a determination about admitting the student to the School of Nursing. It is the applicant's burden to produce substantial evidence that proves the crimes charged are incorrect.

POLICY TITLE:

Clinical/Practicum Placement Policy

Last Revision/Review Date: 4/29/2022 NFSO
Previous Review Dates: 10/18/19, 3/9/18 NFSO, 4/30/2021 NFSO
Original Policy Date: 3/2/2018
Sponsoring Committee(s): School Leadership Team

DESCRIPTION:

The purpose of this policy is to facilitate appropriate and timely clinical and practicum placement of all nursing students. Students must complete the specified number of clinical/practicum hours based on course and program requirements. The definition of practicum for the purpose of this policy is any clinical experience where the student is placed 1:1 with a preceptor, except for the graduate nurse practitioner programs in which 1:1 experiences are termed 'clinical'

Clinical and practicum placement is competitive. The School of Nursing has affiliation agreements with several regional healthcare systems and practices. Regulatory requirements vary state-to-state and must be considered when placing students in sites outside of Colorado. Once a site and preceptor are secured, the School of Nursing provides approval and obtains agreements / clearance for all placements.

PROCEDURE:

1. At least 3-4 months prior to the start of the clinical/practicum course, the clinical/practicum placement coordinator or program coordinator contacts students regarding their needs for securing a site and preceptor. Students residing out of state should be contacted as early as possible to assure adequate time for arranging new affiliation agreements.
2. The student may identify a site/preceptor on their own that is within program guidelines or may request assistance from the clinical placement coordinator or program coordinator.
 - a. Clinical/Practicum placement requests may be denied by the clinical/practicum placement coordinator, program coordinator or facility clinical/practicum placement coordinator for any perceived conflict of interest in objective evaluation of the student (i.e. working with relatives, direct supervisors, etc.).
 - b. If contacted for assistance, the clinical/practicum placement or program coordinator will seek an available site/preceptor.
 - c. Requests for out-of-state rotations will be discussed and approved by the program coordinator to assure all state requirements are addressed. Concerns or questions about specific state requirements will be discussed with the State Authorization & Compliance Administrator in the Office of the Provost.
 - d. The clinical/practicum placement or program coordinator secures a site and preceptor and notifies student.
 - e. The student then has 5 business days to initiate contact with the site/preceptor.
 - f. The student must inform the clinical/practicum placement or program coordinator of the status of the contact with site/preceptor by the 6th business day.
 - g. If student fails to initiate contact within the 5 business days, then the placement or program coordinator may offer the site/preceptor to another student.
 - h. If the student declines the offered site/preceptor, the student is at risk of not being offered another site/preceptor for the designated semester.
3. Student submits the *Form to Request a Clinical Site Affiliation Agreement/Attestation* to Program Management Specialist or designee by the posted deadline.
4. Deadlines for each semester are outlined in the student handbooks, on the above-named form, and/or in course information.

5. The student is responsible for verifying with the Program Management Specialist or designee that they have been cleared prior to starting in the rotation.
6. Final confirmation of clinical/practicum placement is to be done using student's BearMail account.

Undergraduate Programs:

7. The lead clinical faculty member will initiate conversation with students who are entering a practicum clinical course about preference for site and clinical specialty. For RN-BSN program clinical/practicum courses, students may provide information on specific preceptor, in addition to clinical site.
 - a. Clinical placement requests may be denied by the clinical placement coordinator, program coordinator or facility clinical placement coordinator for any perceived conflict of interest in objective evaluation of the student (i.e. working with relatives, direct supervisors, etc.).
 - b. The lead clinical faculty member will work with the undergraduate program management specialist to request placements.
 - c. The clinical placement or program coordinator secures a site and preceptor and notifies student.
 - d. If the student declines the offered site/preceptor, the student is at risk of not being offered another site/preceptor for the designated semester.
8. Deadlines for each semester are outlined via email communication and in the course syllabus.
9. The student is responsible for verifying with the Program Management Specialist or designee that they have been cleared prior to starting in the rotation.

Drug Screen Policy

Last Revision/Review Date: 12/3/21 NFSO
Previous Review Dates: 10/08 NFSO; 10/11/19 NFSO
Original Policy Date: 9/28/07
Sponsoring Committee(s): School Leadership Team

DESCRIPTION:

The School of Nursing (SON) requires all students interacting with any clinical agency to obtain a drug screen.

PROCEDURE:

1. Students shall be informed upon admission to the SON of the requirement to have a drug screen.
2. Information about the process for obtaining the drug screen will be given to each student on admission and as needed.
3. Drug screen will be paid for by the student.
4. Any student who fails to submit the results of the drug screen by the required date will not be admitted to the program.
5. Any student with a positive drug screen after review by the contracted Medical Review Officer will not be admitted to the program.
6. If a student believes that they have extenuating circumstances regarding positive drug screen results, the student may appeal, in writing, and submit the appeal to the School of Nursing Assistant Director of their respective program.

POLICY TITLE:**Graduate Preceptor Policy**

Last Revision/Review Date: 2/3/17 NFSO/ GLT 2/2022
Previous Review Dates: 4/10/98; 12/08 GLT; 7/29/14; 1/13/17 GLT;
Original Policy Date: 1/26/90
Sponsoring Committee(s): Graduate Leadership Team

DESCRIPTION:

The preceptor is an expert practitioner (e.g., doctorally-prepared or master's prepared registered nurse, Advanced Practice Registered Nurse {NP, CNS, CNM, CRNA}, physician {MD, DO}, physician assistant (PA), or other relevant specialist in the health profession) who is approved by the course faculty of record in consultation with the program coordinator. The preceptor actively practices in the area that is consistent with the clinical hours and course requirements.

The preceptor provides the student with learning experiences in order for the student to meet the course objectives. The preceptor acts a professional role model, resource, facilitator, coach and mentor.

The School of Nursing provides guidance to these preceptors in achieving the course and clinical expectations.

PROCEDURE:

1. Based upon program, students in conjunction with faculty will identify their preferred preceptor and/or clinical site in context of the program and course requirements.
2. Course faculty verify if the preferred preceptor and clinical site are appropriate for the course educational goals. If the preceptor and/or site is new to the program, the course faculty consults with the program coordinator. If approved, the course faculty then identifies if a formal request must be submitted to the clinical organization to obtain access to the preceptor and/or clinical site. If required, the request is submitted.
3. If the clinical site is new to the program, the student with the guidance of the course faculty will submit contact information to the School of Nursing (SON) office to initiate a contract between the site and the University of Northern Colorado SON.
4. If the preceptor/clinical site is out of state, the program coordinator is consulted to begin the process of submitting materials to the specific state Board of Nursing to meet those state requirements. The School of Nursing office staff works with the program coordinator to successfully complete State Board of Nursing requirements.
5. Course faculty verifies that the preceptor is willing to accept the role as a preceptor for the student through personal contact and/or a signed written agreement between the student and the preceptor. The student provides the preceptor a copy of the syllabus which includes the evaluation form.
6. The SON office sends a welcome letter with information to guide the preceptor in successful completion of these clinical educational hours and also requests updates on the preceptor's credentials. Those credentials are uploaded into the electronic tracking system upon receipt. Students are responsible for insuring that all preceptor credentials are loaded into the electronic clinical tracking system.
7. The preceptor and student complete an evaluation at the end of the student's rotation through the electronic tracking system or through a paper evaluation returned to the course faculty.
8. The SON office sends a letter of appreciation with the total number of student precepting hours to the preceptor at the end of the rotation.

Expectations for **Preceptors** of UNC APRN Students:

- Submission of credentialing documentation to the SON.
- Review UNC precepting information online at <http://www.unco.edu/nhs/nursing/resources/preceptors.asp>
- Review course objectives and individual student learning objectives prior to initiating the precepting experience.
- Provide the student with learning experiences to meet course and learning objectives.
- Act as a professional role model, resource, facilitator, coach and mentor
- Demonstrate enthusiasm that results in student learning.
- Demonstrate credible skills to generate the confidence of the student.
- Assess student knowledge, ask for rationale, and teach general rules of patient care.
- Provide a brief discussion of learning points after completing the precepting experience.
- Work with the students to establish a learning environment in which all individuals are respected and their contributions valued.
- Help student construct assignments and structure clinical activities to facilitate student's identification and development of key concepts, effective learning habits and skills as addressed in the specialty competences.
- Encourage students to think critically and analytically to develop skill in the APRN role.
- Effectively respond to student's questions and provide meaningful feedback and guidance.
- Contact the course faculty with any concerns or questions as early in the precepting experience as possible.
- Engage the student in all aspects of patient care as they become more competent (interviewing, physical assessment, orders, prescribing, and charting).
- Promote professional behavior in the student.
- Complete evaluation data on the student at the end of the clinical experience.

Expectations for UNC APRN Students:

- Review course expectations and share with preceptor prior to precepting experience.
- Collaboratively create learning objectives with the preceptor.
- Complete formal and informal agreements for the precepting experience.
- Set up clinical times to complete required clinical hours with preceptor and enter into the electronic tracking system.
- Be adequately prepared for clinical experience.
- Actively work on preceptor and self-identified areas for improvement in the clinical practice arena.
- Be a punctual, responsible, engaged adult learner in clinicals.
- Enter the data promptly into the electronic tracking system to track clinical hours and the patient care experiences as they are completed in the clinical setting by the deadline in the associated course syllabus.
- Complete evaluation data for preceptor and the clinical setting when the clinical experience is completed.

DESCRIPTION:

Clinical agencies require that students who are participating in clinical experiences at the agency receive the flu vaccination annually during the designated flu vaccination period or have an approved exemption. This policy does not apply to distant students, unless it is required in their own setting, or to students NOT in clinical settings for their own program.

PROCEDURE:

1. Students will be vaccinated against influenza annually and submit documentation of the vaccination to the School of Nursing (SON) office by designated date of each year.
2. The influenza vaccination will be paid for by the student.
3. If a student fails to be vaccinated or receive an approved exemption by designated date of each year, the student will be unable to attend clinical experiences.
4. Exemption Procedure
 - a. An exemption from vaccination may be granted based on documented medical contraindications or religious beliefs. A student requesting an exemption must submit the exemption request and supporting documentation to the SON office for evaluation.
 - b. Medical contraindications may include:
 - i. Prior adverse reaction to influenza vaccine
 - ii. Allergy to a vaccine component
 - iii. Medical conditions deemed by a licensed medical provider as contraindications to receive influenza vaccine or for postponing influenza vaccination
 - iv. Other approved medical reasons
 - c. A student requesting an exemption based on medical reasons must provide proof of the medical contraindication(s) in a letter from a licensed medical provider. If a medical exemption is granted for a temporary condition, the students must resubmit a request for exemption each year. If exemption is granted for a permanent condition, the exemption medical documentation does not need to be requested each year.
 - d. A student requesting an exemption based on religious beliefs must provide a letter from clergy supporting the exception. The exemption request must be consistent with the student's prior vaccination history.
 - e. The Assistant Director for the student's respective program will determine whether the exemption request has been approved.
 - f. If an exemption to immunization is granted, students must follow agency policy.
 - g. If the exemption is granted and the student is unable to complete the clinical experience secondary to agency policy, the student may earn a failing grade in that course.

DESCRIPTION:

When UNC places a student in a cooperative education or student internship program without pay from the employer, UNC shall insure such a student under UNC's worker's compensation insurance.

PROCEDURE:

If a UNC student is injured at an affiliated agency during student clinical experiences, the student must complete any health care agency report forms as required by the agency policies. If the injury or illness requires immediate attention, the student should be sent directly to the nearest emergency room. If the injury does not require immediate attention, the student must notify faculty of record and contact the Human Resources within 24 hours post injury (970-351-2718). A Human Resources representative will schedule an appointment for the employee with UNC's designated medical provider. Please review the Health/Safety website for the most current information, provider letter, and the up to date "First Report of Injury Form". (<https://www.unco.edu/human-resources/employee-resources/health-safety.aspx>).

In addition, in order to be covered under UNC's worker's compensation:

- a. The student and faculty of record must complete and submit the "Injury/Illness Report" form within 24 hours of injury to:
 - i. UNC School of Nursing, Gunter Hall 3080, Greeley, CO, 80639; or
 - ii. via email to nursing@unco.edu; or
 - iii. via fax 970-351-1707.
 - iv. This policy) is available from the School of Nursing main office or at <http://www.unco.edu/nhs/nursing/pdf/workers-compensation-policy.pdf>.
- b. The student must sign the form, as well as the Director or Assistant Director (*there is no specific signature line so below the student signature is fine*).
- c. The form must be submitted by the School of Nursing within four (4) working days to: Human Resources, via email at human.resources@unco.edu or via fax: 970-351-1386.
- d. A copy of the form is placed in the student file on SharePoint and is then sent to Human Resources. A copy must also be sent to the NHS Dean's Office, HR representative for record keeping.
- e. The workman's comp injury/exposure excel file (SharePoint - SON/Staff/Documents) needs to be updated to include the date of injury/exposure, program of study, student last name, and type of injury.
- f. If the injury/incident occurs within a clinical agency and is deemed an emergency or the injury needs immediate attention, the student should be taken care of by the nearest Emergency room. (Upon discharge the student should notify the hospital that their visit is a UNC Workers' Compensation claim, this will help to prevent the student from receiving bills for the care provided.) After emergency care has been provided and the student is discharged, the student must contact Human Resources as soon as possible to schedule follow-up care with a worker's compensation physician.

Use this form to report ALL workplace incidents - on or off campus - involving Employees, Student Workers, and Students involved in Practicum Work Assignments.

Students' Dishonest Acts

Students are expected to conduct themselves in accordance with the highest standards of academic honesty and are encouraged to be familiar with the Student Code of Conduct (<https://www.unco.edu/dean-of-students/pdf/Student-Code-of-Conduct.pdf>). Cheating, plagiarism, illegitimate possession and disposition of examinations, alteration, forgery, or falsification of official records or documents and similar acts or the attempt to engage in such acts are grounds for disciplinary action. This action can include any of the following, in addition to any University disciplinary action:

- A failing grade for an assignment.
- A failing grade for a class.
- Required remediation.
- Dismissal from the program.

The following information is provided to clarify the act of plagiarism as this is considered to be a dishonest act and is UNC's approved definition of plagiarism found in the Graduate Catalog:

Plagiarism is the act of appropriating the written, artistic, or musical composition of another, or portions thereof; or the ideas, language, or symbols of same and passing them off as the product of one's own mind. Plagiarism includes not only the exact duplication of another's work but also the lifting or a substantial or essential portion thereof.

Regarding written work in particular, direct quotations, statements which are a result of paraphrasing or summarizing the work of another, and other information which is not considered common knowledge must be cited or acknowledged, often by listing author(s) and year of the cited source. Quotation marks or a proper form of indentation shall be used to indicate all direct quotes.

As long as a student adequately acknowledges their sources and as long as there is no reason to believe that the student has attempted to pose as the originator, the student will not be charged with plagiarism even though the form of the acknowledgement may be unacceptable. However, students should be aware that most professors require certain forms of acknowledgement, and some may evaluate a project on the basis of form."

(<http://unco.smartcatalogiq.com/en/current/Graduate-Catalog/General-Information/Policies-and-Procedures/Plagiarism>).

TurnItIn is used in Canvas courses for submission of written work including written comprehensive exams.

Academic Appeals

Last Revision/Review Date: 10/18/19 ULT/NFSO

Previous Review Dates: 9/92, 2/20/98 JR; 12/01; 2/07; 12/6/10 NFSO; 11/12 GLT; 10/21/15 GLT / 2-2016 NFSO; 10/18/19 ULT/NFSO

Original Policy Date: 11/12/2014

Sponsoring Committee(s): School Leadership Team

DESCRIPTION:

The purpose of the procedures outlined below is to provide the student with guidance for appealing an academic decision that they consider arbitrary, capricious, or contrary to university policy, which are the reasons acceptable to the University for appealing. Before utilizing these procedures, or between any of the appeals steps outlined below, the student is encouraged to seek advice from their academic advisor. It is further recommended that attempts at mediation between student and instructor be pursued.

Procedures for implementation of this policy are based on UNC Board Policy, specifically Academic Appeals Policy and Procedure (Policies 2-1-201 - 2-1-204). The student must follow the Steps for Appeal as set forth in 2-1-204 of UNC Board Policy.

PROCEDURE:

1. The student is encouraged to set up an informal conference with the instructor involved for the purpose of trying to resolve a grievance before the initiation of the formal academic appeals process.
2. If no resolution is reached in Step 1, the student may then move forward with a formal appeal. The student is recommended to meet with the Assistant Director of their respective program to discuss the situation and be advised on the formal appeal process set forth in University Board Policy (Policies 2-1-201 - 2-1-204).
3. The formal appeal must be initiated in writing to the faculty member within 21 working days after the end of the semester or session in which the action occurred.
4. If the problem remains unresolved, the student may request a conference and submit a written appeal to the SON Director within 7 working days from the response from the faculty member. The Director will confer with the faculty member whose action is being appealed. The formal appeal process, as set forth in Board Policy, will then be followed for the remaining steps of the process.

POLICY TITLE:**SON Grading Policy****Last Revision/Review Date:** 2/18/2022 - NFSO**Previous Review Dates:****Original Policy Date:** 2/18/2022**Sponsoring Committee(s):** School Leadership team

DESCRIPTION:

The SON will employ the following grading policy and procedure to ensure consistency in course grading, standardize grading schema across programs, and assure students are meeting professional standards and program outcomes.

PROCEDURE:

1. The School of Nursing grading policy for all programs will not use +/- as per the university grading policy outlined in the respective catalog.
2. Each course syllabus will outline the grading policy under the section titled "Method of Evaluation".
3. The method of evaluation statement will also include information on requirements for passing the course. For the undergraduate programs, the statement will read: *"A grade of "C" or higher ("S" for clinical courses) is required to pass this course"*. For graduate programs the statement will read: *"A "B" or higher ("S" for clinical courses) is required to pass this course"*.
4. A statement will be included for all SON course syllabi regarding completion of course assignments/requirements. The statement will read *"Students must complete all course assignments/requirements as outlined in the syllabus"*.
5. The grading policy will be communicated to students at program orientation, in the student handbooks, and each course syllabus.

Progression in Graduate Programs

Last Revision/Review Date: 10/18/19 GLT
Previous Review Dates: 1/13/17 KH; 2/3/17 NFSO
Original Policy Date: 3/9/15
Sponsoring Committee(s): Graduate Leadership Team

DESCRIPTION:

Successful completion of the graduate programs requires a minimum grade of 'B' in each didactic course and a satisfactory grade in each clinical course. The student will not be able to complete any additional course work in the clinical portion of their program of study until the clinical course in question has been successfully completed.

PROCEDURE:

One didactic or clinical course may be repeated if the grade is lower than a 'B' or Unsatisfactory. The repeated course will be recorded on the student's transcript and both letter grades will count towards the cumulative grade point average. If the student does not receive a 'B' or better in a didactic course or Satisfactory grade in a clinical course on the repeat attempt, progression in the graduate program is not adequate and program termination will be recommended by GLT.

A second grade below a "B" or "Unsatisfactory" in any additional course will be cause for program termination recommendation.

If the student receives lower than a 'B' or Unsatisfactory in two courses in the same semester, then program termination will be recommended by GLT.

If the student would like to appeal the grade, they shall follow the academic appeals policy and procedure.

DESCRIPTION:

The SON encourages students to voice their concerns about their nursing educational program and/or academic procedures.

PROCEDURE:

1. Depending on the nature of the concern, a student is encouraged to reach out to the specific faculty member identified in the chart below to report the concern and receive guidance about how to address the issue (including steps to initiate a formal complaint or grievance).
2. If the concern is directed toward the faculty member identified as their point of contact, the student is then directed to the next person in the chart, and so on.

3. The student with concerns regarding an academic decision or other formal grievance are directed to appropriate Assistant Director to provide the student information on the SON Academic Appeals Policy, or UNC Board Policy Manual, and assist the student with next steps

Original Policy Date: 2/21/86

Sponsoring Committee(s): School Leadership Team

DESCRIPTION:

Dishonesty violates the professional code of ethics. Students are expected to conduct themselves according to Standards of Professional Behavior and Practice. Examples of dishonesty include but are not limited to the following:

1. Taking an exam or writing a paper for another student.
2. Copying a few sentences for a paper without appropriate referencing to credit the source; See University definitions of Plagiarism.
3. Copying or sharing information from answer sheets and/or care plans without doing the work independently.
4. Sharing information regarding a course exam with anyone (even classmates). The exams should not be printed, copy/pasted, screen captured, etc.
5. Leading one to believe you have completed a required assignment or activity when indeed you have not
6. Fabricating data.
7. Stealing school, agency, or client property.

Students will be held accountable for their dishonesty.

PROCEDURE:

Student Responsibilities:

1. Students shall recognize or value that academic honesty is highly correlated with professional nursing ethics. Students are responsible and accountable for their behavior.
2. Students will comply with testing administration procedures and other course expectations.
3. Students will physically focus directly on their own work during examinations.

Faculty Responsibilities:

1. Faculty will provide student handbooks that direct students to university policies.
2. Faculty will use measures to minimize the opportunity for cheating/dishonest acts. Such measures may include seating arrangements during testing, assuring all test booklets are accounted for and proctoring an examination actively.
3. Faculty will include the Academic Integrity statement in all course syllabi.

Reporting of Dishonest Acts:

1. Students should report their observations or knowledge of dishonest acts to the faculty involved. Such reports are confidential.
2. Faculty who suspects, observe, or have knowledge of a student's dishonest acts shall follow guidelines below, depending on the circumstances:
 - a. Refrain from accusing the student of cheating in front of other students.
 - b. Meet with the student at the earliest opportunity to discuss facts available to the faculty regarding the dishonest act. Ask for the student's perceptions of the incident.
 - c. If the faculty believes a dishonest act has definitely occurred, the faculty shall notify the respective Assistant Director or Program Coordinator and the student in writing. The student shall also be informed regarding School of Nursing Grievance Procedures by the faculty involved.
 - d. A faculty member who is concerned that a student may have committed academic misconduct must submit a report to the Dean of Students describing the alleged academic misconduct. Page | 51

Sanctions:

1. The course instructor may assign a grade of zero for the assignment or exam and/or may result in failure of the course.
2. The student may receive from the Assistant Director a letter regarding their disciplinary probation in the School of Nursing.
3. In the event of a second incident of dishonesty of any kind, the student may be terminated from the nursing program.
4. In the event of proof of destruction or stealing of property, the faculty may notify campus police and appropriate law enforcement agencies.

Due Process Procedures:

1. Student will meet directly with faculty involved with the behavior at issue to discuss recommended outcomes and /or sanctions.
2. Upon report of an incident of dishonesty:

Undergraduate student: The Program Coordinator will be made aware of the exact issues/charges being made. The Program Coordinator may recommend sanctions or that the student's program of study be terminated.

Graduate Student: The Graduate Leadership Team (GLT) may recommend sanctions or that the student's program of study be terminated.

3. If termination is recommended, this decision is subject to a formal hearing before the University Hearing Office/Panel. See the UNC Student Handbook.

POLICY TITLE:**Suspected Drug or Alcohol Use****Last Revision/Review Date:** 4/18/2022 NFSO**Previous Review Dates:** 5/91 w/ Univ Counsel; 10/93 VK; 4/98 LC; 11/01 DP; 12/6/13 ULT; 1/31/14 ULT; 3/7/14 ULT w/ Univ Counsel; 3/28/14 NFSO**Original Policy Date:** 1/17/86**Sponsoring Committee(s):** School Leadership Team**DESCRIPTION:**

The School of Nursing faculty has the right and responsibility to protect the public's health, safety, and welfare from students who use drugs and/or alcohol or who are impaired from the use of such substances in clinical settings. Thus, students must not use drugs and/or alcohol, must be free of impairment from the use of drugs or other mind-altering substances at all times in the clinical setting, and must not violate the policies or regulations of the University of Northern Colorado or of the clinical agency where the student receives their clinical experience.

PROCEDURE:

1. If a student demonstrates behaviors that suggest the student may be under the influence of drugs, alcohol, or other mind-altering substances, the clinical faculty member will remove the student from patient care.
2. The student will be required to be tested immediately to determine the presence/absence of drugs, alcohol, or other substances.
3. Testing will follow the policy of the clinical agency where the clinical experience is occurring.
4. Testing will be at the expense of the student.
5. The clinical faculty member will arrange for appropriate transportation of the student from the clinical site to the testing site (the Student Health Center is the preferred off-site testing center), if applicable. The student will be responsible for any expense associated with travel.
6. If drugs, alcohol, or other mind-altering substances are present in the student's system, if the student refuses to be tested, or if the student has been determined to have violated the policies or regulations of the University of Northern Colorado or of the clinical agency where the student is receiving their clinical experience, the student will be referred to the Assistant Director and will be dismissed from the School of Nursing.
7. The student must inform the clinical faculty member and the course coordinator if they are taking prescription medications that could significantly affect cognition, behavior, or motor function, or that may impair the ability to practice as a professional nurse safely and competently. The student will be referred to the performance standards policy for any needed accommodations for the use of prescription medications.
8. If a student who has been found in violation of this policy holds a professional license, the School of Nursing may be required to report such violation to the Board of Nursing or other regulatory body for further action.

Transfer credit must be approved at the program level prior to submission to the Graduate School per Graduate School Procedure.

PROCEDURE:

Transfer credit must be approved at the program level prior to submission to the Graduate School per Graduate School Procedure.

In addition to University and Graduate School policies, the School of Nursing has the following policy:

1. Students wishing to transfer prior earned credits must identify those courses they wish to transfer into a program. Evaluation of courses for transfer will only occur after the student has been admitted into one of the SON graduate programs.
2. Credit for any transfer courses must first be approved by the program coordinator in consultation with faculty course experts and the SON Assistant Director of Graduate Programs.
3. Transfer courses without a nursing prefix (NURS), must be reviewed and approved by that respective department prior to transfer for equivalency. The SON Program Coordinator is responsible for initiating this process.
4. Per the UNC Graduate School guidelines, the minimum number of hours necessary for the Graduate School to confer a degree from UNC are as follows:
 - a. Minimum of 24 credits at UNC for a master's degree
 - b. Minimum of 26 credit hours at UNC for the DNP with a master's degree
 - c. Minimum of 64 credit hours at UNC for the DNP with no previous master's degree
5. It is the student's responsibility to follow the policies and procedures of the Graduate School to complete the transfer of credit to their UNC transcript. Please see the Graduate School website for current forms.

Master's Comprehensive Exams

UNIVERSITY OF
NORTHERN COLORADO

School of Nursing

POLICY TITLE:**Masters Students' Comprehensive Exam Criteria**

Last Revision/Review Date: 4/3/2020 NFSO
Previous Review Dates: 2/09 GCO; 11/15/17 GLT; 12/1/17 NFSO; 10/18/19 NFSO
Original Policy Date: 8/29/97
Sponsoring Committee(s): Graduate Leadership Team

DESCRIPTION:

The purpose of this policy is to describe the process and requirements of the Oral Comprehensive Examination for graduate nursing students, which is done during the student's final year of the program.

Graduate students are expected to demonstrate knowledge synthesis and advanced clinical competence. This includes the ability to think critically, make empirically based decisions, incorporate cultural awareness into assessment and interventions, integrate theory into a practice philosophy, and consider individual and population implications. Per graduate school policy, the oral comprehensive exam serves as an alternative to completion of a master's thesis. For the Oral Comprehensive Examination, the student presents a synthesis of evidence related to a relevant practice topic.

PROCEDURE:

1. In order to graduate, the student must successfully complete the comprehensive exam and demonstrate a comprehensive understanding of the essentials of graduate nursing education that reflects the program outcomes.
2. Graduate faculty will serve as committee members to assess the student's knowledge base and expertise. Every examination committee will consist of 2 members (a chair and co-chair) with a designation of graduate lecturer or higher. For APRN student committees, it is preferred (but not required) that one committee member be a licensed APRN with active certification.
3. The exam will be scheduled in the semester prior to anticipated graduation from the MSN program.
4. Students graduating in spring will meet with committee member(s) by September 15th of the prior year and those graduating in summer will meet by January 30th of the same year. Both committee members will work with the student to reinforce the specific expectations for successful completion of the exam.
5. The student will confirm the date of the comprehensive exam by September 15th or January 30th when he / she/ they meets with the committee.
6. The student will e-mail an abstract, final presentation, evidence table and reference list to each committee member a minimum of two weeks prior to the exam.
7. Failure to meet the identified deadlines in this policy may result in failure of the exam.
8. The chair of the student's comprehensive exam committee will notify the Program Coordinator of the committee membership and exam date and time.
9. The exam will be scheduled for 1 ½ hours.
10. If the student does not pass the exam, he/she/they may request to the Program Coordinator to schedule a second exam. The exam can be done in the same semester or in the subsequent semester at the discretion of the student's committee and the Program Director. If the student does not pass the second exam, he/she/they will be dismissed from the program.
11. Exam results will be documented on the Oral Comprehensive Exam Evaluation indicating the student's strength and weaknesses. Formal statement of MSN Comprehensive Exam Results will be signed by both committee members.
 - a. A copy will be sent to the student and a copy placed in the student's file.
 - b. The original completed Oral Comprehensive Exam Evaluations and Formal Statement of MSN Comprehensive Exam Results will be provided to the Assistant Director of Graduate Programs and Graduate Programs Management Specialist who will place a copy in the student's file and distribute copies to the a.) Evaluation Chair, b.) Program coordinator and c.) Graduate School. Committee members and results will be tracked by the Graduate Programs Management Specialist in student advising spreadsheet in SharePoint.

Comprehensive Examination Guidelines

1. Students will present their oral exam using visual technology such as PowerPoint slides and will have 30-45 minutes to deliver the presentation. This does not include set-up, questions from the committee, and discussion with feedback from committee. The total time allotted from set-up to disposition from committee is 90 minutes.
2. Identify topic of interest or area of concern in healthcare specific to program of study, such as: disease management, a population-based intervention, or a care-delivery process that would benefit from improved outcomes.
3. Develop a researchable question in PICO(T) format.
4. Organize your presentation by the following outline:
 - a. Introduction/Background- introduce the topic of interest and clinical significance
 - b. Purpose- What is your researchable question? Present as a PICO or PICOT question.
 - c. Methods- Present the process you used for the review of the literature.
 - d. Theoretical framework or model- Identify which theoretical framework or model will guide practice or provide the framework for exploring the selected topic. Articulate the major constructs/concepts of the theory and its relevance to the particular topic.
 - e. Results- Present key findings from the literature review regarding the synthesis of evidence from the literature review. Summarize pertinent evidence-based interventions and therapies; include medical management of care, interdisciplinary coordination and applicable transitions of care.
 - f. Conclusions/Implications for practice- Present the implications for patients/populations, nurses/nurse practitioners, and healthcare systems. Consider cultural factors, psychosocial/developmental issues, and economic and policy implications.
 - g. References
5. Plan to present in business/professional attire.

Masters Degree Thesis Option

Master's Degree nursing students may elect to complete a thesis. Students selecting the thesis option create and carry out a research study, present the findings in oral form in a thesis defense (which takes the place of the comprehensive examination) and prepare a written thesis report for the Graduate School. Students are able and encouraged to revise the report and submit it for publication and presentation for the benefit of nursing practice, doctoral-level nursing education, or the nursing profession. Practical experience with research is valuable and may be required for application to some doctoral programs. It is useful to have a preliminary discussion about the thesis with your program advisor and perhaps with the faculty members whom you identify as potential thesis advisors.

Of note, the thesis option adds 6 hours of course credits to the plan of study (see section below on the subsequent NURS 699 credit hours).

The *Graduate School Thesis Handbook* must be followed in the conduct of research and production of thesis. It is available on the Graduate School website: <https://www.unco.edu/graduate-school/student-resources/current-students/>

PROCEDURE FOR SIGNING UP FOR THESIS HOURS

1. Obtain agreement from two nursing faculty members to be your thesis committee (have to hold graduate faculty status). One will serve as chair.
2. Meet to discuss or finalize your thesis ideas with your committee chair.
3. Decide how many NURS 699 credit hours to register for out of the required total of 6.
 - The actual work done does not have to correspond to the thesis hours you sign up for in a given semester.
 - Consider whether you can divide the credits up in a way to maximize your full-time status which qualifies you for financial aid and other scholarship opportunities. Please confer with your thesis chair or program advisor for help as needed about the credit hours.
4. The program coordinator/instructor and student must complete the Directed Study Course Registration found on the [Registrar's Forms page](#).
5. For each additional semester when you take thesis hours, you repeat this process.

Assumption of Risk During Clinical Experiences

Clinical experiences (including senior practicum, clinical rotations, and other assigned clinical observation experiences) are a required component of the nursing academic programs at the University of Northern Colorado. These experiences allow students to practice skills and techniques learned in didactic and lab courses, as well as, develop critical thinking and other competencies important for health care providers. Clinical experiences occur in hospitals, clinics, schools, community organizations, and other appropriate settings where students can interact with patients and clients to develop these important skills.

Sites selected for students' clinical experiences are required to take reasonable and appropriate measures to protect students' health and safety in the clinical setting. Faculty in the School of Nursing (SON) work closely with our clinical agency partners to ensure appropriate measures are in place for your clinical experiences through development and enforcement of policies and procedures relating to your safety and prevention of disease exposure, including, but not limited to exposure to COVID-19. This includes ensuring all students have access to appropriate Personal Protective Equipment (PPE) during clinical experiences and training related to the potential hazards and prevention techniques. Students have the responsibility to report any exposure or injury sustained during their clinical experience to the co-assigned RN or preceptor and UNC faculty.

I certify that I have carefully read and understand this document. I acknowledge and understand that, as explained in this document, my degree program requires the participation in clinical experiences, and that such participation carries some risks that cannot be eliminated.

I acknowledge and understand that it is my responsibility to follow all faculty instructions and take all available precautions so that the risk of exposure is minimized. I will follow all program specific information relating to prevention of disease and injury.

Knowing these risks, I certify that I have decided, of my own free will, to pursue my chosen degree program, including the participation in clinical experiences.

**CONFIDENTIALITY STATEMENT
GRADUATE PROGRAMS**

I understand that during my educational experience in the University of Northern Colorado, I will come in contact with confidential information. This information may include, but is not limited to patient information, personnel/employee information and computer or access code information. It may be oral, written or electronic information.

I agree to become familiar with and abide by all clinical agency policies and procedures related to privacy and confidentiality, including HIPAA related policies. **All patient information is confidential.**

I agree I am responsible to:

- Access and communicate information only on a need to know basis.
- Communicate information only to those authorized to receive it.
- Report inappropriate use of information to my clinical instructor or preceptor.
- Maintain confidentiality of computer access codes
- Never access confidential information merely for personal interest.
- Dispose of all confidential written and printed information by shredding or according to agency policy
- Avoid communicating any information about patients, clinical sites, clinical instructor, peers, or agency personnel by e-mail, on social media sites, or on any other Internet platform.
- Not disclose any patient information on any social media.
- Not duplicate (copying, taking a picture or capturing an image) of any part of a medical record or of your patient care.
- Avoid taking any photos in the clinical setting
- Avoid electronically recording any conversations or information in the clinical setting

I understand and acknowledge that, in the event I breach any provisions of this confidentiality statement or the confidentiality policies and procedures of a clinical agency, I may be dismissed from the Nursing Program. I may also face legal ramifications from the clinical agency.

PLAGIARISM CONTRACT

I certify that I have read, understand, and agree to the terms set forth in the School of Nursing Students' Dishonest Acts policy and the Graduate Catalog. I will certify that I will not plagiarize any of the documents created by myself or as a group for this program. I will also agree to follow the University Honor Code.

University Honor Code

*All members of the University of Northern Colorado community are entrusted with the responsibility to uphold and promote five fundamental values: **Honesty, Trust, Respect, Fairness, and Responsibility**. These core elements foster an atmosphere, inside and outside of the classroom, which serves as a foundation and guides the UNC community's academic, professional, and personal growth. Endorsement of these core elements by students, faculty, staff, administration, and trustees strengthens the integrity and value of our academic climate.*
