

Expectation for Preceptors of UNC Family Nurse Practitioner Students:

- ∞ Review UNC precepting information online at <http://www.unco.edu/nhs/nursing/>
- ∞ Review course objectives and individual student learning objectives prior to initiating the precepting experience
- ∞ Provide the student with learning experiences to meet course and learning objectives
- ∞ Act as a professional role model, resource, facilitator, coach and mentor
- ∞ Demonstrate enthusiasm that results in student learning
- ∞ Demonstrate credible skills to generate the confidence of the student
- ∞ Assess student knowledge, ask for rationale and teach general rules of patient care
- ∞ Provide a brief discussion of learning points after precepting experience is complete
- ∞ Correct mistakes with both positive and negative feedback
- ∞ Contact the course faculty with any concerns or questions as early in the precepting experience as possible
- ∞ Engage the student in all aspects of patient care as they become more competent (interviewing, physical assessment, ordering of lab, writing prescriptions, and charting)
- ∞ Complete evaluation data on the student at the end of the clinical experience

Expectations for UNC Family Nurse Practitioner Students:

- ∞ Review course expectations and share with preceptor prior to precepting experience
- ∞ Collaboratively create learning objectives with the preceptor
- ∞ Complete formal and informal agreements for precepting experience per UNC policy
- ∞ Set up clinical times to complete required clinical hours with preceptor and enter in electronic data entry system (E*Value)
- ∞ Be adequately prepared for clinical experience
- ∞ Actively work on preceptor and self-identified weaknesses in clinical practice arena
- ∞ Be a punctual, responsible, engaged adult learner in clinicals
- ∞ Complete electronic data entry (E*Value) for tracking of patient care experiences and as they are completed in the clinical setting
- ∞ Complete evaluation data for preceptor and clinical area when the clinical experience is completed
