

# INTERNATIONAL OBSERVE THE MOON NIGHT

OCT. 1ST  
7-9PM  
ALL AGES

Please join Centennial Park Library and Dr. Charles Kuehn with UNC's Physics and Astronomy Department for International Observe the Moon Night just outside *Bishop-Lehr Hall on the University of Northern Colorado campus*. Telescopes will be provided or you can bring your own to observe the moon and other wonders of the night sky. Parking is available just west of Bishop-Lehr Hall.

To get weather status updates on the evening of the event, follow University of Northern Colorado Physics and Astronomy on Facebook or Twitter @UNCO\_Physics.

For more information on International Observe the Moon Night go to: <https://moon.nasa.gov/observe-the-moon-night/about/overview/>
