

## What is PASC?

The Professional Administrative Staff Council (PASC) was established in 1986 to advise the University on matters relevant to its constituents and to participate in University governance. It is the mission of the Council to advocate for and to provide a systematic means for professional staff to communicate with the various elements of the University community, as well as with other professional administrative staff.

### Upcoming Town Halls

Please consider attending one of the upcoming Town Halls **this Wednesday** to share your feedback on proposed concepts to create an inclusive, healthy, and thriving campus. These concepts will explore creating social and collaborative spaces, improving community connections, and enhancing learning environments to meet current and emerging needs. Your opinion is a crucial part of the Facilities Comprehensive Planning process. The conversations this week will help determine the future of buildings and spaces on campus.
