WHAT TO EXPECT IN A FINANCE PROGRAM

As a finance student, you will learn to help people and organizations manage their finances by applying financial concepts and problem-solving techniques. Learn through classroom lectures and hands-on experiences with internships and research projects. They'll help you gain the skills you need for roles in private, public and nonprofit organizations.

FINANCE MAY BE A GOOD FIT IF YOU...

- Enjoy working with numbers and have strong math skills
- Are detail-oriented
- Enjoy making tough decisions and can handle being in the hot seat
- Have self-confidence in your judgment
- Have a strong work ethic
- Like working with people
- Have advanced problem-solving skills

CLASSES MAY INCLUDE:

- Behavioral Finance
- Business Communications
- Business Ethics
- Business Strategy
- Financial & Managerial Accounting
- Human Resource Management
- International Business
- Macroeconomics
- Management
- Microeconomics
- Organizational Behavior
- Personal Finance
- Statistics

LOOK FOR A PROGRAM THAT OFFERS:

- Opportunities to gain hands-on experience, such as internships and accounting research
- State-of-the-industry facilities and the hardware, software and tools you'll use in the workplace
- Connections with a variety of local and regional businesses and companies
- AACSB International accreditation
- Faculty that includes top professors, experienced executives, and practicing business professionals

Before you declare your major in finance:

- Take a career assessment test to match your skills with potential jobs.
- Find a mentor who can give you insider insights on their career in financial planning, analysis or management and why they love it.
- Practice working with funds through stock market simulations.

"Making money is art and working is art and good business is the best art."

—Andy Warhol, American artist
