

LIBERAL ARTS CORE CHECKLIST

Requirements:

Students are required to complete at least 40 hours, distributed among the following areas: Basic Core Courses, Multicultural and International Studies Courses, and Electives. Every student must successfully pass:

- At least 31 hours of Basic Core Courses selected from Areas 1-6 (distributed as indicated below).
 - An additional course from Area 3 or 5 must be taken to reach the required 31 hours. If the additional area 5 course is taken for this requirement, a different subgroup that has not already been taken must be chosen.
 - If all area requirements (Areas 1-6) have been met, any courses approved in the LAC Basic Core (Areas 1-6) can be taken to reach the 31 hours.
- At least one Multicultural Studies course and at least one International Studies course (Areas 7-8). There are courses that may be counted simultaneously toward satisfying the requirement of 31 hours of Basic Core Courses and towards satisfying the Multicultural Studies and International Studies requirements.
- Enough Electives to bring the total number of hours to at least 40 hours

1. Areas 1-6 correspond to the categories in Colorado's gtPathways. Although UNC has decided to treat History as a distinct area, the fact that History is classified as a required Social and Behavioral Sciences course in gtPathways means that the requirements for Areas 3 through 5 above correspond exactly to the requirements in gtPathways for courses in Arts and Humanities and Social and Behavioral Sciences.

2. Interdisciplinary Studies: Elementary Teaching/Liberal Arts students are to take MATH 181 and MATH 182 unless they have selected the Mathematics concentration. Those who have selected the Mathematics concentration are to take MATH 131 and MATH 182 instead of MATH 181 and MATH 182.

Special Notes:

- Students must fulfill any liberal arts core requirements specified by their major. Students must consult with their academic advisor, the university catalog, and Degree Works for specific requirements.
- No course taken before the time it appears as a LAC course in the Catalog may be used to satisfy the requirements of the LAC.
- No course taken after the time it is removed from the eligibility list for the Liberal Arts Core may be used to satisfy the requirements of the Liberal Arts Core.
- Regardless of a student's catalog year, any course taken at UNC after Summer 2006 may be used to satisfy a particular Liberal Arts Core requirement if and only if it is listed as an approved Liberal Arts Core course in the relevant area in the Catalog in effect at the time at which it was taken.
- Each UNC Catalog is in effect for six years. UNC's old "General Education" program therefore expired in Summer 2011. Students who were at any time subject to the requirements of that program must now satisfy the requirements of the Liberal Arts Core. If a course that was taken to satisfy one of the old General Education requirements is still listed as an approved course in the Liberal Arts Core, that course may still be counted toward the satisfaction of the relevant requirement in the Core. If it is no longer listed as an approved course in the Core, it may not be counted.
- Courses taken at UNC not approved for inclusion in the Core may not be substituted for courses that have been approved for inclusion in the Core in the satisfaction of the requirements of the Core. Any course being transferred to UNC that has not already been designated as equivalent to any course approved for inclusion within the Core will be referred to a transfer specialist in the Office of the Registrar for review. If it is decided that the course is equivalent to an approved Core course, it will be designated as such for all students desiring to transfer it to UNC in the future.
- FL 296 and GEOG 296-Study Abroad Experience is for students who register for the faculty led course at UNC. Study Abroad experience is not transferred in for FL 296/GEOG296 to satisfy the area 7 category.

Waiver of Liberal Arts Core Requirements:

Individuals with an Associate of Arts, Associate of Science, or a Bachelor's degree (regardless of date of completion) from an accredited public institution in the State of Colorado will have their Liberal Arts Core requirements waived. Certain UNC majors require specific and/or additional LAC credit. These requirements are not waived by the AA, AS, or Bachelor's degree.

Exceptions to the Requirements of the Liberal Arts Core:

- If a student presents an ACT score of 30 or higher in English, or an SAT verbal score of 630 or higher prior to March 2016, or an SAT Reading Test score of 34 or higher after March 2016, he or she is exempt from ENG 122. A student must complete enough electives to bring the total number of hours to at least 40 hours of liberal arts core courses.
- If a student presents an ACT score of 26 or higher in mathematics, or an SAT math score of 560 or higher prior to March 2016 or SAT math score of 580 or higher after March 2016, he or she is exempt from the Area 2 requirement. A student must complete enough electives to bring the total number of hours to at least 40 hours of liberal arts core courses.
- Students interested in challenging a Liberal Arts Core course should contact the appropriate program to determine the availability of a challenge examination.

Guaranteed Transferability:

Courses bearing the gtP designation have been approved by the Colorado Commission on Higher Education (CCHE) for inclusion in the Colorado Guaranteed Transfer Program. These courses will automatically transfer to any Colorado public institution and continue to count toward general education or other graduation requirements for any liberal arts or science associate or bachelor's degree program, if you receive a grade of 'C-' or better. Statewide articulation agreements prescribe specific general education and degree requirements in the following professional degree programs: business, early childhood, elementary education, engineering and nursing. Most of the other courses, not approved for the gtP designation, will also be accepted in transfer by other institutions, but they may not fulfill general education or degree requirements.
