This worksheet is one possible recommended plan to complete your bachelor's degree in 4 years. Every UNC student must meet the following requirements in order to graduate with a bachelor's degree: earn a minimum of 120 semester credit hours; possess a minimum of a 2.00 cumulative grade point average; have at least 40 credit hours in courses designated as Liberal Arts Core; meet all degree requirements in the student's major field of study. Each major and/or emphasis may have additional requirements necessary for graduation. **Students must consult with their major advisor to receive information on any additional graduation requirements.**

### Notes

1. Students are required to be proficient in a foreign language. Nine foreign language credits at the intermediate or above are required. Demonstrated proficiency at the intermediate/high level on the ACTFL/ETS Oral Proficiency Interview fulfills the language requirement regardless of the actual number of language credits taken.
2. Students who complete an approved study abroad program do not have to take PSCI 415 or PSCI 425.
3. Those who complete an approved 3-credit internship may petition to use it as a substitute for PSCI 415 or PSCI 425.
4. No more than 3 credits of internship can be used toward the major.
