This worksheet is a recommended schedule to complete your bachelor's degree in 4 years. Every UNC student must meet the following requirements in order to graduate with a bachelor's degree: earn a minimum of 120 semester credit hours; possess a minimum of a 2.00 cumulative grade point average; have at least 40 credit hours in courses designated as Liberal Arts Core; meet all degree requirements in the student's major field of study. Each major and/or emphasis may have additional requirements

necessary for graduation. **Students must consult with their major advisor to receive information on any additional graduation requirements.**

Notes:

1. **About Electives:** Because of the interdisciplinary nature of the Asian Studies program and the infrequent offerings of some courses, it is difficult to predict when many of the electives will be offered, or how many electives will be offered in a given semester. Thus, it is imperative that students be aware of and attend the group advising meeting each semester.
2. **About Advising:** The Asian Studies program compiles a list of courses that count towards the Asian Studies degree each semester, and distributes the list in October (for spring courses) and April (for summer and fall courses) through the Asian Studies group advising meetings, and online through the Asian Studies webpage <http://www.unco.edu/asianstudies/>.
3. Students must maintain C or better in all courses for their major. C- is not acceptable.
4. ***Courses that fulfill the minor requirements for Chinese Minor;** taking courses with the CHIN prefix will result in a completion of requirements for the Chinese Minor.
