Admission Requirement – See Professional Teacher Education Program (PTEP) information in current catalog for admission requirements

Minor – None

Notes – Not every course is offered every year; specific courses of interest should be taken at your earliest convenience. GEOG 300, GEOG 325 and GEOG 395 may be taken for credit more than once, under different titles. The STEP program also requires enrollment in several “checkpoint” courses (EDFE prefixes); these have zero credits but are used to help students maintain adequate progress toward licensure; these are taken in the semester prior to Phases 1, 3 and 4.
