## BS Audiology & Speech-Language Pathology (cont.)

This worksheet is a recommended schedule to complete your bachelor's degree in 4 years. Every UNC student must meet the following requirements in order to graduate with a bachelor's degree: earn a minimum of 120 semester credit hours; possess a minimum of a 2.00 cumulative grade point average; have at least 40 credit hours in courses designated as Liberal Arts Core; meet all degree requirements in the student's major field of study. Each major and/or emphasis may have additional requirements necessary for graduation. **Students must consult with their major advisor to receive information on any additional graduation requirements.**

### Notes

- 1 In this comprehensive pre-professional program, students take academic courses and observe and participate in supervised clinical practica. These activities are designed to provide a strong base for entry into a professional certifying degree program at the master's degree level in speech-language pathology or at the doctoral degree level in audiology. This degree program does not lead to certification of any type. Students cannot find employment as a licensed or certified audiologist or a speech-language pathologist with only the bachelor's degree in audiology and speech-language sciences; however, positions can be found as audiology technicians and/or speech-language pathology assistants.

### 2 Required Specified Liberal Arts Core Credits—20-23 hours

#### Liberal Arts Core Area 2.

STAT 150 Introduction to Statistical Analysis (3) **AND**

#### Mathematics (select one)

MATH 124 College Algebra (4)

MATH 125 Plane Trigonometry (3)

MATH 127 Elementary Functions (4) MATH

131 Calculus I (4)

#### Liberal Arts Core Area 5.c. Human Behavior and Social Systems

One course with either a PSY or SOC prefix

ASLS 160 Introduction to Human Communication and Its Disorders (3)

#### Liberal Arts Core Area 6. Physical and Life Sciences
