2023-2024 Catalog<br>Degree Requirements - $\mathbf{1 2 0}$ credits

*Guide for students transferring to the University of Northern Colorado from a Colorado community college for the purpose of completing a bachelor's degree. Courses marked as (*bold) are UNC equivalent courses (if applicable) upon transfer. UNC Liberal Arts Curriculum (LAC) is waived with completion of AA/AS degree (if an AA/AS degree is not completed, additional liberal arts courses may be required). This guide is based on UNC degree and Colorado general education requirements from the above catalog term.
This four-year plan is a recommended schedule and not reflective of every student's individual academic context. Some requirements may vary by college. Some degrees have Statewide Transfer Articulation Agreements in place; please see https://cdhe.colorado.gov/transfer-degrees for details. This guide is for planning purposes only. Students should consult with their academic advisor for course sequence guidance.

| COMMUNITY COLLEGE - 32 Credits |  |  |  |
| :---: | :---: | :---: | :---: |
| YEAR 1 - FALL: 16 credits |  | YEAR 1 - SPRING: 16 credits |  |
| CHE 1111 Gen Coll Chem I w/ Lab (GT-SC1) <br> CHEM 111/111L Prin of Chemistry I (LAC Natural \& Physical Sci.) | 5 credits | CHE 1112 Gen Coll Chem II w/ Lab (GT-SC1) CHEM 112/112L Principles of Chemistry II | 5 credits |
| ENG 1021 English Composition I (GT-CO1) <br> ENG 122 College Composition (LAC Written Comm.-Recommended) | 3 credits | MAT 2420 Calculus II (GT-MA1) MATH 132 Calculus II | 5 credits |
| MAT 2410 Calculus I ${ }^{2}$ (GT-MA1) <br> MATH 131 Calculus I (LAC Mathematics) | 5 credits | Liberal Arts Curriculm ${ }^{1}$ | 6 credits |
| Liberal Arts Curriculum ${ }^{1}$ | 3 credits |  |  |
| UNIVERSITY OF NORTHERN COLORADO-88 Credits |  |  |  |
| YEAR 2 - FALL: 14 credits |  | YEAR 2 - SPRING: 16 credits |  |
| CHEM 331 Organic Chemistry I | 4 credits | CHEM 332 Organic Chemistry II | 4 credits |
| CHEM 331L Organic Chemistry I Lab | 1 credit | CHEM 332L Organic Chemistry II Lab | 1 credit |
| PHYS 240 General Physics I (LAC Natural \& Physical Sci.) | 5 credits | PHYS 241 General Physics II | 5 credits |
| MATH 233 Calculus III | 4 credits | SCI 291 Scientific Writing (LAC Written Comm.) ${ }^{3}$ | 3 credits |
|  |  | Liberal Arts Curriculum | 3 credits |
| YEAR 3 - FALL: 16 credits |  | YEAR 3 - SPRING: 16 credits |  |
| CHEM 321 Chemical Analysis | 4 credits | CHEM 421 Instrumental Analysis ${ }^{4}$ or elective | 4 credits |
| Chemistry or General Electives | 5 credits | CHEM 451 Physical Chemistry I ${ }^{4}$ or elective | 4 credits |
| CHEM 481 General Biochemistry I | 3 credits | CHEM 451L Physical Chemistry I Lab ${ }^{4}$ or elective | 1 credit |
| CHEM 481L General Biochemistry I Lab | 1 credit | CHEM 482 - General Biochemistry II ${ }^{4}$ or elective | 3 credits |
| Liberal Arts Curriculum | 3 credits | CHEM 482L General Biochemistry II Lab ${ }^{4}$ or elective | 1 credit |
|  |  | Chemistry or General Electives | 3 credits |
| YEAR 4 - FALL: 14 credits |  | YEAR 4 - SPRING: 12 credits |  |
| Chemistry or General Electives | 5 credits | Chemistry or General Electives | 7 credits |
| CHEM 499 Seminar \& Research in Chemistry | 1 credit | CHEM 499 Seminar \& Research in Chemistry | 1 credit |
| CHEM 441 Inorganic Chemistry I (F) | 3 credits | CHEM 442 Inorganic Chemistry II (S) ${ }^{4}$ or elective | 3 credits |
| CHEM 452 Physical Chemistry II ${ }^{4}$ or elective | 4 credits | CHEM 443 Inorganic Chemistry Lab (S) ${ }^{4}$ or elective | 1 credit |

| CHEM 452L Physical Chemistry II Lab ${ }^{4}$ or elective | 1 credit | Chemistry Assessment Exam ${ }^{6}$ | 0 credits |
| :--- | :--- | :--- | :--- |

Every UNC student must meet the following requirements in order to graduate with a bachelor's degree: earn a minimum of 120 semester credit hours; possess a minimum of a 2.00 cumulative grade point average; meet all degree requirements in the student's major field of study. Each major and/or concentration may have additional requirements necessary for graduation. Students must consult with their major advisor to receive information on any additional graduation requirements. View the UNC Undergraduate Catalog for current degree requirements.

Phone: 970-351-2559
Email: chemistry@unco.edu

## Program Admission Requirements -

Academic Good Standing.
For information about admission to the University of Northern Colorado, please visit https://www.unco.edu/admissions/.

## Notes -

1. A total of 15 credits are required in Arts \& Humanities ( 2 courses, minimum 3 credits each), History ( 1 course, minimum 3 credits), Social \& Behavioral Sciences ( 1 course, minimum 3 credits), one additional course (minimum 3 credits) in Arts \& Humanities or History or Social \& Behavioral Sciences. You must also have U.S. Multicultural Studies (1 course, minimum 3 credits), International Studies (1 course, minimum 3 credits). Six total credits must be double counted.
2. Students who lack sufficient preparation in mathematics may need to start in MATH 124 College Algebra(4), MATH 125 Plane Trigonometry (3), or MATH 127 Elementary Functions (4). Consult your advisor.
3. With advisor approval, students can substitute ENG 123 for SCI 291 (3) --Scientific Writing.
4. Take three of these five (lecture + lab) combinations (CHEM 421, CHEM 442/443, CHEM 451/451L, CHEM 452/452L, and CHEM 482/482L).
5. All students must take a chemistry major assessment exam prior to graduation.

Students receiving this degree, designed to give students a broad background and an in-depth foundation in chemistry, will be certified by the American Chemical Society. Students will work with a faculty member on anindependent research project in chemistry.

Students graduating with this emphasis will be prepared to pursue graduate study in chemistry, professional schools (e.g., chemical engineering, medicine, dentistry, veterinary medicine and other health related areas) or anentry-level position with a chemical or petroleum industry.
A. This transfer guide is a suggested track for completing this major. You must meet with your advisor each semester to determine an appropriate plan.
B. Upper-level courses are generally taught only one semester per year and are marked on the sheet as F (Fall)or S (Spring). In this plan, courses are listed in order of required prerequisites first.
C. Some upper-level courses are separate from laboratory, e.g., CHEM 331/CHEM 331L Organic Chemistry I and Organic Chemistry I Lab. In these cases, both lecture and laboratory are intended to be taken concurrently. Separate grades for lecture and lab will be issued.
D. All students in the program must take an assessment examination before graduation.
E. Graduate level CHEM courses are recommended for juniors and seniors. Other recommended electivesinclude MATH 221, MATH 335, STAT 150, PHYS 321, and PHYS 343.
F. Students majoring in chemistry must earn a grade of " C " or better ( C - is not acceptable) in all courses having a CHEM prefix which count toward the major. In addition, a grade of "C" or better in courses with aCHEM prefix is required in order to satisfy the prerequisites for most CHEM courses.
G. It is recommended that students have a fundamental background in computers.
