

Pikes Peak Community College/UNC Transfer Guide*

Dietetics B.S.

2021-2022 Catalog

Degree Requirements – 120 credits

*Guide for students transferring to the University of Northern Colorado for the purpose of completing a bachelor's degree. Courses marked as (*bold) are UNC equivalent courses (if applicable) upon transfer. UNC Liberal Arts Curriculum (LAC) is waived with completion of AA/AS degree (if an AA/AS degree is not completed, additional liberal arts courses may be required). This guide is based on degree and Colorado general education requirements from the above catalog term. **This plan is a recommended schedule and not reflective of every student's individual academic context.**

Students should consult with their advisor for course sequence guidance.

Liberal Arts Curriculum/Electives	7 credits	FND 451 Advanced Nutrition	3 credits
		Liberal Arts Curriculum/Electives	6 credits

This four-year plan is a recommended schedule to complete your bachelor's degree in 4 years. Every UNC student must meet the following requirements in order to graduate with a bachelor's degree: earn a minimum of 120 semester credit hours; possess a minimum of a 2.00 cumulative grade point average; meet all degree requirements in the student's major field of study. Each major and/or emphasis may have additional requirements necessary for graduation. **Students must consult with their major advisor to receive information on any additional graduation requirements.**

Program Admission Requirements –

The designation of Dietetics as a major does not assure admission to the Dietetics Program. Students must make a separate application to the Dietetics Program, typically during the spring semester of the sophomore year, or when at least 60 credit hours have been completed. Prior to acceptance, students must have completed BIO 110, BIO 245, CHEM 111, FND 210, FND 250, PSY 120, and STAT 150 with grades of C or better; earned a cumulative GPA of 3.0 or above; and received advisement by a Nutrition and Dietetics faculty member. This 4-year plan represents a UNC on-campus course schedule.

Minor Required –

No Minor required

Contact Information –

Department of Nutrition and Dietetics

Notes –

Community college courses may require additional prerequisites not included in this 4-year plan. Students should consult with an advisor regarding electives and additional courses that may be needed.

Students must maintain a cumulative GPA of 3.0 or above and grades of C or better in all degree required courses to earn a B.S. Dietetics degree. Students meeting these requirements will earn a Verification Statement making them eligible to apply for accredited dietetic internship programs as the next step toward achieving dietetic registration.

Students may not earn both a Nutrition B.S. degree and a Dietetics B.S. degree from UNC. Those who earn a degree in Nutrition or Dietetics cannot minor in Nutrition.

This schedule represents an on-campus course schedule. Please refer to the Distance Dietetic Program (DDP) webpage for the DDP course schedule and information.

*CHE 211 (CHEM 331/331L) may be substituted for the CHEM 231 requirement.

**The following courses have pre-requisites: CHEM 111/111L, STAT 150, SCI 291, FND 252, CHEM 231, FND 310/310L, FND 452, CHEM 381/381L, FND 320/320L, FND 370, BIO 251 or BIO 351, FND 430/430L, FND 431/431L, FND 446/446L, FND 451.

***MAR 216 (BAMK 3X) may be substituted for the BAMK 360 requirement.
