

UNC ANIMAL USE PROTOCOL
Attachment C – Antemortem Fluid Collection

Submit this attachment if you will be collecting fluids (blood, urine, bile, lymph, etc.) from living animals. Complete multiple tables if the procedure will vary between species or experiments. Use additional pages if needed.

Species	
Experiment/Procedure:	
Fluid:	
Volume/Collection:	
Frequency of Collection:	
Number of Collections:	
Collection Site:	
Method of Collection:	
Method of Restraint:	
Location performed:	
Will animals be anesthetized or sedated during the procedure?	<input type="checkbox"/> No. <input type="checkbox"/> Yes. Complete Attachment F
