Key Data Points for Advisors

- Our goal is 40% conversion back to Good Standing each semester. Advisors should focus resources on coaching and mentorship activities for P-Code Students.
- We expect over 300 students on Academic Probation for the Spring. Advisors will need to accommodate the influx of probation advising appointments, particularly for P1 students.

About Undergraduate Advising: UNC professional advisors and coaches provide holistic, inclusive support helping students navigate the institution to meet their academic and personal goals by building meaningful relationships and enacting intentional advising practices. Our advising practices prioritize equity and inclusion to serve as a welcoming and brave space of support to all UNC students.
