University of Northern Colorado Fiscal Year 2020-21 Provisional Budget

The following list presents a brief outline of topics covered in this document and presented for your review:

- 1. Fiscal Year 2019-20 (FY20) Update
- 2. Provisional Fiscal Year 2020-21 (FY21) Budget
- 3. Other Scenarios, Contingency plans, and Next steps
- 4. Actions Items

1. FY20 Update

As is true in most sectors of the economy, COVID-19 has presented significant challenges for institutions of higher education and students. In mid-March government, business, and public health adaptations to the virus accelerated. Over UNC's regularly scheduled spring break, all courses were shifted to remote instruction modalities and most employees began working from home. After spring break 273 students were living in residence halls and all students made the transition to online learning.

The initial financial implications of these adjustments included lost revenue in summer tuition and fees, loss of auxiliary revenue (parking, bookstore, conferences and events, dining cash sales, etc.), direct costs of COVID-19, and natural savings from the closure of campus for a net cash impact of (\$4.5) million. Expectations in April were to end the fiscal year with \$42.9 million in cash.

The good news is that we now project ending the fiscal year with \$45.8 million in cash and that FY20 operating reserves will increase \$2.0 million, (Table 1) due to the limited June furloughs, temporary 10% salary reduction for senior staff, savings in travel, utilities and other constrained spending.

Table 1. FY20 Cash and Reserves

	FY19	FY20
	End	End
	6/30/2019	6/30/2020
Committed Cash		
Operating Budget ⁽¹⁾	19,598,353	19,598,353
Capital Projects	3,299,796	4,114,639
Restricted Funds	1,054,666	586,036
Sub-total Committed Cash	\$ 23,952,815	\$ 24,299,028
Reserves		
Operating Reserve	6,296,067	8,315,746
Capital Reserves	12,238,454	13,210,759
Restricted Reserves	-	-
Sub-total Reserves	\$ 18,534,521	\$ 21,526,505
Cash at 06/30 ⁽²⁾	\$ 42,487,336	\$ 45,825,533

⁽¹⁾ Operating cash is essentially depleted at the August 15th cash low point each year.

⁽²⁾ UNC's cash low point at August 15th is typically \$15-\$20M less than cash at June 30th.

2. Provisional FY21 Budget

In planning for FY21, we expect reduced revenue from lost enrollment due to student concerns about health issues and family financial situations. Additionally, while students adapted reasonably well to wrapping up the Spring 2020 semester online, many students have a preference for greater in-person faculty interaction and for the social and extracurricular elements of a college campus experience. For Fall 2020, UNC is planning to offer in-person instruction primarily, with accommodation for social distancing requirements, along with remote instruction for courses, as needed.

Current enrollment projections show a 10% decrease in degree-seeking undergraduate students and flat enrollment for all graduate students from Fall 2019. However, we know that past confirmation, deposit and registration patterns have been significantly disrupted, making projections less certain. Unlike previous recessions, we are also planning for a disproportionate negative effect on auxiliary revenue including Housing & Dining, Conferences & Events, and Athletics. Under this scenario we have an **expected \$24.1 million revenue shortfall.**

As the markets and economy responded to these changes, the state reduced funding for Higher Education by 58% for Fiscal Year 2020-21 as they worked to balance their budget. Table 2 shows the cuts in state funding along with the details of the CARES Coronavirus Relief Funds (CRF).

Table 2. State and Federal Funding

Table 2. State and Federal Funding												
		UN	C	Colorado High	her Ed Total							
(\$ in Millions)		FY20	FY21	FY20	FY21							
State Funding	1	\$47.1	\$19.8	\$850.3	\$357.1							
CARES CRF	2	\$0.0	\$24.9	\$0.0	\$450.0							
CARES HEER - Student	3	\$3.8										
CARES HEER - UNC	3	3.8			1							
		\$7.7		*								

^{1.} UNC FY20 includes ~ \$70K GOAL funds and \$75K GOAL funds for FY21

We will address the \$24.1 million revenue shortfall through

- \$6.0 million from actions already taken and "natural" temporary savings (Table 3)
 - o Senior staff 10% pay cut for all of FY21
 - o Third year of flat pay for all faculty and exempt staff
 - No pay increases for classified staff
 - o Limited furloughs in July
 - Strategic investment and capital savings
 - Utility, travel, cost of sales, and other "natural" temporary savings
- \$10.0 million in reductions through the work of the Financial Task Force and VPs (Table 3)
 - Prioritizing university functions
 - Looking at permanent savings tools
 - o Looking at temporary savings tools like additional furloughs and graduated pay cuts
- \$7.0 million use of operating reserves rather than increase of \$1.1 million (Table 3)

^{2.} CARES Coronavirus Relief Funds (CRF) are distributed through the State in FY20 and must be used by 12/30/20.

^{3.} CARES Higher Education Emergency Relief Funds direct to UNC from the federal government 50% is distributed to students and 50% to institutions.

• FY21 year-end projections for total cash and operating reserves are \$37.3 million and \$1.3 million, respectively (Table 4)

We are presenting a provisional FY21 budget authorizing spending over the summer until we have

- Better information about fall operating status and revenue
- Completed work to maximize permanent reductions that align with the long-term planning
- Addressed the logistics of short-term tools like furloughs, graduated pay reductions, etc.

We plan to come back to the Board in the fall for approval of a revised budget that incorporates these elements.

The provisional FY21 budget includes:

<u>Table 3</u>

- Overall \$175.8 million of operating revenue 15% reduction from FY19 (\$205.1 million). Operating revenue excludes restricted grants and state capital appropriations
- Ongoing operating expenses of \$174.2 million
- Project-based and one-time Strategic Investments totaling \$2.5 million including \$0.5 million in technology and facilities costs related to fall re-entry. Other costs include matching funds for grants, research and scholarship, multi-year commitments such as faculty start-up packages, and academic program accreditation
- Transfer of \$4.7 million student capital fee to capital reserves and \$0.5 million foundation funds to capital projects but no other capital transfers
- \$0.9 million cash payment of Housing & Dining vouchers (net of CARES HEER funding)

Table 4

- \$8.5 million use of cash
 - o \$7.0 million reduction in operating reserves
 - o \$1.5 million in capital expenditures in excess of capital fee revenue
 - Completion of \$3.2 million in ongoing capital projects and \$2.9 million in new capital projects for \$6.2 million in capital spending (holding back \$2.1 million of new capital projects until fall, as shown in Table 8)

In addition to the overall university operating budget in Table 3 we have provided supplemental disaggregated budgets for Housing & Dining, Conferences & Events, and Athletics in Table 7.

(1) Operating cash is essentially depleted at the August 15th cash low point each year.

(2) UNC's cash low point at August 15th is typically \$15-\$20M less than cash at June 30th.

As part of the FY21 provisional budget the following tuition, fee, room and board rates are provided for your consideration and approval.

- Previously considered tuition and fee increases (Table 6)
 - o Undergraduate Rates: 3% resident tuition, 1.0% non-resident, 1.5% WUE, 3% Extended Campus
 - o Graduate Rates: 3.0% resident tuition, 1.6% non-resident, 1.6-3.0% Extended Campus
 - o Fees: 3%
 - o Incremental revenue from tuition and fee rate increases <u>are not</u> currently included in the FY21 provisional budget
- Room and board recommendations (Table 6)
 - o Tiered Residence Halls: 2.0-2.5%
 - o Arlington Park Apartments: 2.5-4.8%
 - o Board Rates: 0%
 - o Incremental revenue from these rate increases <u>are</u> currently included in the FY21 provisional budget

UNC is currently the least expensive doctoral research university in Colorado for undergraduate students, and less expensive than all but four of the four-year schools in Colorado (Table 5).

Housing & Dining, Conferences & Events, and Athletics have developed several operating scenarios. The table below shows the disaggregated budgets for these units that are included in the overall FY21 provisional budget (Table 3) with the following highlights

- The Housing & Dining FY21 provisional budget includes lost revenue of \$9.1 million and expenditure reductions of \$4.3 million with the balance coming from previous contributions to operating reserves.
- The Athletics FY21 provisional budget includes lost revenue of \$0.2 million and expenditure reductions of \$0.3 million.
- The Conferences & Events FY21 provisional budget includes lost revenue of \$1.6 million and expenditure reductions of \$1.2 million with the balance coming from previous contributions to operating reserves.

⁽²⁾ Mandatory Fees increased 3% for FY19, except Capital Fees w hich increased by 13.8% or \$110/Yr/FTE

(1) Housing and Dining Provisional Budget Assumptions:

Revenue: 60% opening occupancy (54% paid equivalency), other cash sales and short term housing reduced by 50%, conferences reduced 43%, catering reduced 76%

Expenses: Staff furloughs for July, eliminating 3 hall director positions, reducing student labor 10%, reducing dining personnel 20%, reducing cost of sales to 26% of dining revenues, other natural savings due to reduction in students, and no contribution to capital reserves

(2) Athletics Provisional Budget Assumptions:

Revenue: reduction in sponsorship revenue, reduction in ticket sales

Expenses: Staff furloughs for July, activity levels return to normal as of August first, slightly modified/reduced game schedule for fall, reduced game attendance, reduced game day expenses

Athletics Additional Information:

General Fund Support is normally \$5.0M and has been reduced based on the additional savings to \$4.9M Athletics P&L *excludes* the net tuition and fee revenue \$3.8M that is generated by student athletes

(3) Conferences, Events and UC Provisional Budget Assumptions:

Revenue: Starting August 1st allowed to host events up to 50 people, reduced rentals, reduced catering, ticket office revenue reduced 20%, all vendors in UC back to normal lease operations Aug. 1st

Expenses: Staff furloughs for July, reduced student wages, reduced printing/processing costs, reduced business purchases services expenses

3. Other Scenarios, Contingency Plans, and Next Steps

Importantly, we understand that as public health and economic issues evolve, revenue shortfalls could increase.

As an example, *FY21 Scenario 2*, shown below in Table 9, takes into consideration the following assumptions regarding potential impacts on revenue:

- Fall begins with on-campus/remote hybrid course delivery
- By December, COVID-19 forces re-closure and all remote course delivery
- UG enrollment declines another 10% for spring and summer
- Room & Board revenue reduced from 54% to 35% paid equivalency, plus 80% in Arlington Park
- Other Revenue is impacted by the following (total reductions of \$3.2 million):
 - o No spring Athletics activity; (\$0.7 million)
 - o Parking services reduced 40%; (\$0.6 million)
 - o Reduced UC, Conferences & Events activity, some summer events; (\$0.6 million)
 - o Reduced other dining cash sales and other H&D by 40%; (\$1.0 million)
 - o Other central programs/services revenues decline; (\$0.3 million)

Another example, FY21 Scenario 3, is also shown below in Table 9, considering the following assumptions:

- COVID-19 restrictions imposed prior to fall require remote course delivery full year
- Enrollment decline doubles to ~20%.
- Room & Board revenue is limited to 600 students with exceptions, plus 80% Arlington
- Other Revenue is impacted by the following (total reductions of \$6.6 million):
 - o No Athletics activity, some sponsorships persist; (\$1.8 million)
 - o Parking services revenue reduced by 75%; (\$1.2 million)
 - o UC, Conferences & Events closed in fall, limited in spring and summer; (\$1.1 million)
 - Other dining cash sales and other H&D reduced 75%; (\$1.8 million)
 - o Other central programs/services revenues decline; (\$0.7 million)

	A ssumptions recap:			On-Campus Fall, Re	-closui	re in Dec.	Virtual/On-line class			
				(10%) UG Spring & Summer			Double UG Enrollment Decline			
(4)					R&B: 60% opening, 35% Pd. Equiv. R&B: ~600 Students + Arlington					

As we move forward to address our revenue shortfall and respond to evolving realities, we are taking the following steps:

- We continue to work with the State and our Colorado higher education partners to identify additional sources of funds and strategies to serve our students and ensure their success in our new environment.
- We have created a Financial Task Force consisting of members of the cabinet, faculty, professional
 exempt staff, classified staff, the Student Senate President and the Student Trustee. Within that task
 force, two subcommittees have been established to carry out tasks in the weeks and months to come.
 - o First, the **Prioritization Subcommittee**, led by President Feinstein, will conduct a vertical review of the budget—collecting high-level information on major functions from units and prioritizing functions. They are also collecting feedback from campus and reviewing with the Task Force before vice presidents incorporate the conclusions into their FY21 budget reductions.
 - Second, the University-Wide Savings Subcommittee, led by Senior Vice President Quinn, will examine specific expense line items that could be utilized as "tools in the toolbox" to generate cost savings, including compensation-related strategies like across-the-board furloughs, progressive pay cuts, benefit reductions, additional layoffs, and early retirements, as well as line items like external contracts and travel budgets.
- Vice presidents will incorporate the work of these two subcommittees into their budget planning as we
 work to identify the original \$10.0 million shortfall in our provisional budget and respond to other
 financial changes as they evolve; this work will be used to develop the revised FY21 budget.
- Given the uncertainty of fall revenues, we are holding back on a portion of capital projects until the situation and financial circumstances become clearer.
- As our revenue picture develops, once students return in the fall and we work through the important expense reductions, we will be able to define a final FY21 Budget, and we plan to bring that to the Board in the fall.

4. Action Items

- a. Approve tuition and fee rates (page 6)
- b. Approve FY21 provisional budget including
 - i. Overall levels of spending (page 4)
 - ii. Capital projects as presented (page 8)

NORTHERN COLORADO

Office of the Board of Trustees

6/12/20

Lauren Gilliland Colorado Department of Higher Education 1560 Broadway Suite 2200 Denver, CO 80202

Dear Ms. Gilliland:

Enclosed please find the five-year state-funded capital construction priorities and information technology projects for the University of Northern Colorado. These priorities emerged from UNC's capital planning process which also includes an annual capital budget for a wide array of deferred maintenance and capital renewal projects which are funded from student fees and donors.

Sincerely,

Richard L. Monfort Board Chair

DEPARTMENT OF HIGHER EDUCATION

(1)	Project Title & No. of Phases:	Implement Elluc	ian Cloud ERP									
(2)	Brief Description of Project:	UNC is seeking to be able to bundl student retention would allow UN and disaster recarelated software funding variance the current main	JNC is seeking to migrate our current on-premise Ellucian Banner ERP into the Ellucian Cloud. With this migration, UNC would be able to bundle addition Ellucian software into the cloud. These added software tools are solutions focused on increasing student retention, student completion, and enhanced analytics within a single software package. The move to Ellucian Cloud would allow UNC to remove redundant software, decrease future hardware expenses, reduce staff efforts toward cyber security and disaster recovery. Additionally, these reductions will allow UNC staff to focus on business process solutions instead of ERP related software upgrades, maintenance, and troubleshooting. UNC is not seeking a full rip and replace but requesting the funding variance to cover multi-year costs associated with migration services and initial licensing costs. UNC will continue to fund the current maintenance cost and future Ellucian Cloud expenses if the migration has been funded:
