

Tutorial Services

Peer Tutor Job Description

Basic Function and Responsibilities

- Conduct individual, and/or group tutoring sessions with UNC students in relevant subject area(s).
- Maintain hours in the Tutoring Center, Satellite Learning Centers, and/or in the classroom that would be conducive to the needs and success of UNC students.
- Participate in all training sessions, workshops, and meetings as required by the Director and Coordinator of Tutoring.
- Ensure that all Tutoring Center policies and procedures are followed and that paperwork is current, accurate, and complete.
- Actively participate in the Tutoring Center's evaluation process, including service and individual evaluations.
- Obtain complete knowledge of, and adhere to, the information, policies, and procedures presented in the employee handbook(s).
- Maintain familiarity with the University of Northern Colorado and Tutoring Center missions.
- Demonstrate professionalism when representing the University of Northern Colorado and the Tutoring Center.
- Perform duties as assigned by the Director and Coordinator of Tutorial Services.

Minimum Qualifications

- Have completed a minimum of 30 college credit hours.
- Possess and maintain a cumulative grade point average of 3.0 or above.
- Have earned an A or B in each class tutored.
- Obtain a recommendation form from the UNC department relevant to the area in which the applicant will be tutoring (e.g. Math = form from a Math department professor).
- Possess a course schedule which will allow the tutor applicant to participate in ongoing training sessions during every semester they are employed.
- Possess strong interpersonal communication skills as well as a desire to assist fellow students.
- Must be reliable, responsible and able to deliver quality service with a positive attitude.
- Must display ethical behavior and commitment to the Division of Student Success and to the University of Northern Colorado.
- Must display openness and respect for persons from culturally diverse backgrounds.
