

TOPICS

- ▶ Time Management
- ▶ Learning Strategies & Test Preparation
- ▶ Active Reading & Note-Taking
- ▶ Strategies Before, During, & After Tests

Academic Support & Advising in partnership with the University 101 program would like to invite students to our **Spring 2017 Study Skills Workshop series**.

Attend one of our 50 minute workshops to:

- 1) Discover if there are any gaps in how you manage your academics while in college.
- 2) Fill those gaps with the right college study skills.

WHO CAN ATTEND?

Workshops are free of charge for registered UNC students, and we encourage students to attend any and all sessions that may be beneficial to them and their academic success.

HOW DOES IT WORK?

Our workshops are scheduled on a drop-in basis and are first-come, first served.

WHY SHOULD STUDENTS ATTEND?

The goal of our workshops is to guide students in becoming active learners. We encourage students to be engaged and welcome them to express any personalized needs with the workshop facilitators.

Please visit our website unco.edu/asa for additional Academic Support & Advising programs and services.
